### BUILD HIS ETERNITY.

Harvey W. Scott is dead. His work is done.

A hush and pause followed the announcement and for an instant all wrestled with the realization of the truth.

Inclination for good was imprinted deeply in the man. He stood out from among men like a solitary planet in a heaven of stars. Few were his companions in mind.

He was a pioneer builder and a solitary figure.

The man and paper were synonymous. Hence, to all except the closer friends and the family Harvey Scott still lives.

So far as the perfections of the paper are concerned he is not materially missed, but there is real sorrow among his friends and associates on The Oregonian. He had gathered around him a staff of like metal. To them descends the protection and care of the child of his life's labors.

The character of that great paper is formed and will stand a monument to the memory of the man.

### WHO ARE THE ANTIS?

District Attorney B. F. Mulkey of Ashland, a man of character, will be a candidate for congressman against W. C. Hawley. He should be nominated. Besides being an assembly candidate Hawley was a blind follower of Cannonism and Aldrich. A good man personally, he utterly failed to stand for the people. He may have done many personal favors for Oregon, but that is not enough these modern days when the downfall of octopuses is demanded.

In printing the above the Albany Democrat seeks cunningly to assist in the nomination of Mr. Mulkey the democratic candidate will have the easier victory at the polls this fall against him. In the championship of W. S. Dunaway the same paper seeks to widen a breach in the republican party between the assembly and antis. But people generally understand that the antis are confined chiefly to democratic calamity howlers such as Mr. Nutting who sneak into a clean house to foul it that it will be on an equality with theirs.

The attempt on the life of Mayor Gaynor of New York shows something of the insecurity of the lives of great men. Mayor Gaynor has done more for New York than any other officer who has filled that post in the history of that city. He is fearless and rules with just interpretations of law, tempered with due common sense. The lawless and the class accustomed to personal privileges stoop to any crime to accomplish the end of their desires. Mayor Gaynor is a public man who stands out above all others like a beacon light.

### Ask for Expression.

Commercial bodies of this state are being invited by the Twice-a-Week press an opinion on the promising agricultural development in their own sections and the means used to further the advancement. An interchange of ideas along these lines will be helpful. This paper has taken an active interest in the intensive development of the Northwest and is doing much to further it.

### Will Celebrate Peach Day

Freewater will celebrate Peach Day on Aug. 17. This has become an annual affair and the festival of the peach is widely attended. This luscious fruit is served free to everyone attending and there is to be an all-day program, with prominent speakers. There will also be races, a baby show and other attractions.

### \$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of

the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

## The Marks of a Good Watch Case

When men and women buy watches they think of the movement—the "works" as they call it—but rarely of the watch case. Your jeweler buys watch cases and movements separately and combines them to make a complete watch. You are particular about the "works" of your watch—you know the maker's name; do you know the name of your watch case? There is room there for adulteration—for low standards—for the cheapening process that creeps in wherever folks pay for anything without knowing about it. The trade marks illustrated on this page are standard with the fine jewelry trade, and have been for 50 years. They mean absolute integrity in bullion value, in assay, in construction of a watch case. The Keystone Company was the first to guarantee the wear of gold-filled cases—nowadays the words "guaranteed for 20 years" have become so common that you may find them stamped on a brass case washed with gold. The only real guarantee is the integrity of the maker—the name behind the case. The marks illustrated on this page are your safeguard; be sure to find them—they are not hard to remember—Keystone for solid gold—Its. Best or Crescent for gold filled. Every good jeweler in this country knows the marks and carries the cases. They are made for ladies' or men's watches—plain, engine-turned, engraved or enameled—all sizes, all patterns.
