

MAKING SURE of your ACCOMMODATIONS

IN PREPARING for a vacation the Telephone performs a great variety of services. Reservations are made, last directions are given, goodbyes are said, over the wire.

The Long Distance Service of the Bell System is of especial value to the traveller. Sometimes it makes a business trip unnecessary, sometimes it convinces him that a trip would be profitable, and while on your vacations places you in touch with your home and business.

Wherever he goes, he feels the need of universal service, and that is Bell Service.

The Pacific Telephone and Telegraph Co.

Every Bell Telephone is the Center of the system.
