Entered at Independence, Ore., post office as second-class matter.
Subscription, \$1.50 Per Year

HOP PICKING TIME COMES

A few pickers from a distance are now finding their way to the hop yards and within a few days Independence and vicinity will be alive with pickers on the way to the hop yards. It will be about ten days before picking is general but those who pick lose nothing by being on the grounds early to select their yard and their camping ground.

Nearly all the yards are prepared to care for their pickers well in the matter of camping grounds and water. Some offer exceptional inducements in beautiful grass plots beneath shady groves with unexcelled cool flowing spring water near by. Aside from the remuneration from picking and the healthy aroma from the yards, no more attractive spots for out-door life are to be found in the Willamette valley than is presented around many of the hop fields in the Independence district.

Growers are still listing pickers and it is now time every intending picker should sign up for one of the many yards.

The yards are all clean and the prospects were never better for a pleasant and profitable season for the pickers. The customary prices will prevail. The heaviest hops in all the state are grown in the Independence bottoms and it is here the biggest records are made.

The different yards have provided some form of amusement so that evenings and Sundays need not hang heavily upon pickers. The larger yards have elegant dance halls provided with orchestral music and the smaller ones use the hop houses for dancing evenings. Every crowd of pickers affords some musicians and merry-makers, so that the hop picking season is looked forward to as a

pleasurable as well as profitable event of the season.

In addition to the hop yard festivities, Independence, the center of the hop district, will furnish its quota of diversion and entertainment.

The different churches will also be open to those inclined to worship on Sunday, so that all classes may be made to feel at home.

REGISTRATION NOTICE

Department No. 2

In the Circuit Court of the State of Oregon for Polk County; In the matter of the application of David Beattie Taylor to register the title to the following described lands and real property to-wit: beginning at a point 32 and one-third links east of the one-fourth section corner between sections 11 and 12 in Township 9 South, Range 4 West of the Willamette Meridian in Polk County, State of Oregon; thence South 13.67 chains; thence West 14.79 chains; thence south 7 chains; thence North 65 degrees West 3 chains; thence North 51 deg. This Hosiery Is Absolutely Insured Against Holes for Six Months

We have just secured the selling agency for the famous Holeproof Hosiery in this city. This is the original guaranteed hosiery that has been so widely advertised in the magazines but which has never yet been on sale at any store in town.

The guarantee which we reproduce on this page comes with every box of the hosiery. It is a promise that we will gladly redeem—if any of the hosiery needs darning or mending within six months it will be exchanged for new hosiery.

The manufacturers of this hosiery stand back of us in making this guarantee. They have used only

the finest and best materials the market affords. They pay 63 cents a pound for Egyptian and Sea Island cotton, instead of buying the ordinary cotton at 12 cents a pound.

Every pair is stylish as well as comfortable. They are made to fit the ankle as smoothly as a glove fits the hand. They are soft and dainty yet they outwear other hosiery almost six to one.

Men's hose come in eleven colors and women's in six. Price from \$1.50 to \$3 a box of six pairs. Children's hose come only in black and tan at \$2 a box of six pairs.

FAMOUS Holeproof Hosiery FOR MEN WOMEN AND CHILDREN

There is only one difference between the common hosiery and "Holeproof." And that is that "Holeproof" wears six times as long as the other. Yet the price for both is the same.

"Holeproof" is made with 3-ply yarn in the body and 6-ply in the heels, toes and knees. This gives double the strength where the wear comes most.

Every pair is minutely inspected before it leaves the factory. It costs \$30,000 a year for this inspection alone so you understand something

of the quality that goes in "Holeproof."

It has taken 31 years to attain this perfection but the sales now amount to more than 3,000,000 pairs every year. No other guaranteed hosiery begins to equal such tremendous sales as this.

We invite everyone to call and examine this wonderful hosiery before purchasing. We want you to note how soft and comfortable it really is. We want you to see the attractive colors for yourself and to note the

stylish appearance.

We know that once you have done this you will never again be satisfied with the common hosiery that costs just as much but needs to be darned every week.
