A doctor cannot achieve the success his skill entitles him to, unless his prescriptions are accurately compounded with fresh, pure drugs. That's what we do.—Williams Drug Co. 10tf

A fine sample of apples of the early transparent variety was brought to this office last Saturday by Peter Kurre. They were grown on his farm near Independence and were excellent eating.

J. W. Webber is at Los Angeles, having gone there to undergo treatment for cancer of the ear from which he has been suffering for many years. He departed on his way last Friday, going via Salem.

Warren Townsend brought to this office a few days ago a number of fine apples from his orchard, which are a good specimen of what can be raised in the fruit line in this section. They were much enjoyed by the Enterprise family.

Mesdames Johnson and Hanna, who have been in Portland several days attending their father, J. D. Irvine, who recently underwent an operation at the Good Samaritan hospital, returned to their homes in this city Tuesday evening.

CHASE WON BY POSSE

Horsethief is Shot Dead, but "Pal" Makes Escape.

KLAMATH FALLS.—A posse in pursuit of two horsethieves came upon them near the Callahan ranch, 12 miles northwest of Dalry, and killed one, named Dumoas, but the other, named Kuhl, made his escape.

A number of mules and horses were stolen from the country in the vicinity of Silver Lake and a posse was organized and pursued the thieves. They were trailed to Sprague River, where the trial was lost, but was found again near Williamson river.

As the posse came over the mountains near the Callahan ranch they came upon the men and called upon them to surrender. Dumoas attempted to get behind a tree, but before he could do so he was shot and killed.

His companion succeeded in making his escape and the posse is still in pursuit. The horses and mules were recovered.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Coming Event of Interest

Portland's Harvest Festival, September 5-10, will have no end of amusement features and quantities of blooded livestock on view, together with stirring races by the best trotting, pacing and running stock to be had, but perhaps the most interesting feature on the grounds to many who will attend will be the demonstration of tuberculin tests for dairy cows to be given by Dr. W. H. Lytle, state veterinarian. Animals with tuberculosis will be given the tests and their value explained in a lecture. The animals will be slaughtered and the evidence of tubercular conditions shown and discussed. This is expected to be a great attraction for large numbers of dairymen and others interested.
