GRAIN IS STOLEN

S. H. McElmurry was relieved of a quantity of grain from his field out south of town Monday night. Just how much grain was stolen he did not say but there were several sacks of wheat and oats. Authorities are searching for the thieves and it is believed that little trouble will be

experienced in running them down. The grain had just been threshed and was left out in the field awaiting hauling to the granary. As near as can be learned at this time the theft was perpetrated after midnight Monday night. The thieves were tracked for a long distance, in fact the trail of wasted grain which escaped from a bursted sack furnished a clue which left little doubt as to who stole the grain and it is expected that arrests will soon follow.

When seen Wednesday morning Mr. McElmurry stated that there was little left to do but to make the arrests as the parties were known almost to a certainty. He would make no statement of the names of the parties implicated but said that developments would follow so soon that the public would soon know.
