Irene Poling Dies

Many homes in Polk county were saddened Sunday by the news that Miss Irene Poling had died at a hospital in The Dalles. Her death was caused by appendicitis.

Miss Poling was the daughter of the Reverend and Mrs. D. V. Poling of The Dalles and a granddaughter

of the late Wayne Williams of Polk county. Only three weeks ago, she visited relatives in Dallas and Airtie and at that time appeared to be in the best of health. Miss Poling was seventeen years of age and a most charming young woman. Her early death is mourned by a wide circle of friends.

The funeral services were held from the Congregational church in The Dalles at 2:30 o'clock Tuesday afternoon.—Polk County Observer.

The Common Housefly

is now the justly deserving object of a national campaign in the interest of the public health. Flies carry filth and disease germs wherever they go. We are sincerely glad that we are able to co-operate effectively in the fight against the housefly. Flies and ELECTRIC FANS do not agree. Flies cannot alight in a breeze and it is a simple thing to keep your kitchen, your living room and the sleeping room of your child free from the contamination of these insects. One electric fan in a small household can usually be made to serve all three purposes, besides freshening and cooling the air. The new 8-inch household fan is both practical and inexpensive. Telephone NORTHWESTERN CORPORATION. The real commercial spirit is to supply the needs of the public as perfectly as possible, and we make a business of satisfying our customers. Electricity is expensive only to people who are wasteful. To you, who are naturally careful, it does not come high. Use Tungsten lamps and have an abundance of light.
