NEAL'S STORE BURGLARIZED

The general merchandise store of J. K. Neal at Buena Vista was burglarized last Saturday night, entrance to the store having been made through the front door by prying the lock off. The loss from the theft was very small. Suspicion does not rest on anyone in the Buena Vista country for the burglary. The theft is believed to have been committed by strangers who were passing through the country. That they left the store with so little goods is believed due to their having been frightened away while in the act of theft by someone passing near by. Only a few nickels and some pocket knives, so far as Mr. Neal can ascertain, were taken.

27TH ANNUAL CONVENTION

(Continued from page seven.)
His children, and urged the members to live close to God, that a great work is before us—the work is the Lord's.

A diamond medal contest was held, three contestants appearing. Mr. Earl Childers, a Bible student of Eugene, carried off the medal.

The physical exercises were under the direction of Miss Mary Hammond.

Pledges for state work were given to the amount of \$800, life and memorial memberships increased this sum to about \$1000. A thank-offering service was held when \$30 more was given. The membership of the Oregon W. C. T. U. is 3014 including 600 new members who joined the past year, and a balance of \$1000 in the treasury. The president, Mrs. Unruh, in her report stated she had raised \$2000 during the past year by her individual effort.

A parade also took place. The students came from the University in a body and were joined by pupils from the public school. They waited until the delegates came from the convention with Mrs. Armor at their head, then joined in the procession. Many of the people of Salem also joined so that about 2000 persons marched, carrying banners, singing songs interspersed with the college yells. It made an event not soon to be forgotten in the history of Salem. An employee to hear of Oregon going dry and gave vent to his ill feelings by spitting on some ladies as they passed, one of whom was Miss L. Smith, the musical director, who never resented the insult but was thankful that she was worthy to be treated as her Saviour was. She also said she was glad the white ribbon was not soiled. The man was arrested and paid a fine to teach him better manners. "By their fruits ye shall know them," a hanger on of saloons cannot possibly attain to nobleness of character.

Two ladies, Miss Smith and Miss Gill, sang many beautiful songs. One, "Come off the Fence," was quite inspiring, helping the one so situated to get down on the right side.

Miss Gill's rendering of "What will you do with Jesus?" was highly appreciated.

Mrs. Armor's address while on the parade was listened to with rapt attention and to her invitation to hear her give reasons why she was a prohibitionist, also to prove that saloon keepers do not pay taxes, the people responded heartily by numbers and attention. Mrs. Armor said she hated liquor as Hannibal hated Rome; that liquor had destroyed her father's brilliant mind; the sufferings of her dear mother—all compelled her to give her life to the suppression of the traffic that is ruining souls by the thousands; that she pities the man who wants to stop and can't.

She proved her statements as she said she would. If the liquor business pays why not increase it? How can a business pay when its finished product is worth a thousand times less than its raw material?

Why do not merchants and other business men give \$600 or \$1000 to run their business? The men who drink the liquor pay the license. If we license drinking why not license stealing? If the law against stealing does not prohibit, why not repeal the law against stealing? All the commandments are prohibitory. That she was a prohibitionist because God is a prohibitionist; that childhood and womanhood have not consented to this terrible traffic; have they personal liberty? She said she was not willing to shoulder the liquor traffic; has any man the right to do so? The man who places a wet ballot in the box does so in the face of the Recording Angel, and is guilty of the liquor traffic—all it includes—the murders, the sorrows of home, the tears of the starving children—they will be guilty before God; whether they want to or not, they will be guilty at the judgment bar of God.

WETS WIN IN POLK COUNTY

Prohibition was defeated in Polk county by a majority of at least 100. This was a surprise to the prohibition forces who labored to carry the county for the "drys". There has never been a time in the history of politics in the county when as much money has been spent in a campaign as has been put into this one. Every effort possible has been put forth to enlighten the people by both sides. Just what has caused the policy to be reversed in this county is still a question unsolved.

In the new county and county division measures all received body blows. The only measures which carried in Independence were the Monmouth normal school bill, greater Oregon home rule bill, the amendment for the protection of persons engaged in hazardous employment, bill prohibiting taking of fish from Rogue river except by hook and line, amendment providing for counties to incur indebtedness beyond \$5000 for road improvements (carried in south precinct by two votes but was hopelessly lost in North Independence), and bill 356 providing for amendment of direct primary law, was a tie in North Independence and was lost by seventeen votes in South Independence.

W. C. Hawley received the same comfortable majority here that he did throughout the district. Bowerman was slaughtered in Independence without mercy. He failed to carry Independence by fifty-five votes. Geo. H. Burnett ran the best of any on the judicial ballot. For the four-year term McBride and Bean received the highest number of votes and for the six-year term Burnett and Moore ran best. A. M. Crawford was the favorite for attorney general by a big majority. Willis Duniway carried South Independence and lost North Independence and carried in the joint vote by seven majority. Wm. Gallo-way (dem.) and Percy R. Kelly each received a majority in both precincts. Ira C. Powell for representative carried both precincts and J. B. Teal found the most friends for commissioner. W. L. Bice stood slaughter in both North and South Independence. Castle carried North Independence and lost south precinct so heavily that he came out with twelve votes to the bad and Tracy Staats is probably elected in the county. Wilson defeated Winn for justice and Moran has the satisfaction of receiving the largest vote of any man on the ticket.

HIGHWAYS IN THE WEST.

Use of the Automobile by Farmers Aiding the Improvement Movement.

Road improvements in the west, already noticeable to a slight degree, are sure to follow when the farmers of that section awake to the realization of their condition as compared with some of those of the east. Nothing will arouse the farmers to this so much as the use of the automobile, and it will be the more general use of the car by the farmer that will result in better roads.

In sections where farmers are using cars to any extent road improvements are already noticed, but there is still room for more, and more there will be in the near future. Motoring is most enjoyed on good smooth roads. Farmers owning cars realize this as well as any, and not only are they bestirring themselves toward appropriations for good highways, but are in many cases furnishing the labor necessary for road betterments.

In some farming sections of the west automobile owners can be picked out by a glance at the roadway in their immediate neighborhood. Near their houses rough, uneven surfaces have been smoothed off and soft, slippery roadways resurfaced. Each farmer seems to take interest in the roads near his own home. When more farmers have cars, and they are buying them rapidly, there will be more short stretches of perfect roads, and at some future time, not far distant, the stretch will be unbroken.

Repeating Shotguns

USED IN THE U. S. ARMY.

The U. S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also know a gun; that's why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it safe, sure, strong and simple. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that's the Winchester.

Fraternal Union Doings

The local lodge of the Fraternal Union of America, No. 212, met in the K. P. hall in this city Wednesday night where they with their friends enjoyed an evening devoted to festivities. The program of the evening was composed of oratory and music. Mrs. Roy Collins played with exquisite technique an instrumental solo. Mr. Goetz delivered the address of welcome and also the oration in behalf of the order.

The most pleasant feature of the evening was the shadow social. The ladies who participated were ladies with baskets of unique and fast design, well filled with dainties which appealed to the gentlemen present.
