Mr. Stump and Mr. Nelson are both highly pleased with the Jersey Island cattle which they purchased last spring, it being the first importation direct from the Island to Oregon. Mr. Stump writes that the cow May Blossom has improved wonderfully and is developing into a great cow. We shall have more to say about the Kentucky Jerseys upon their arrival in Polk county.—Rural Spirit.

Don't Pay Rent BUY A HOME TODAY

While giving you this advice we do not mean to advise you to go to the poor house and become a public charge, but come to us and let us explain to you our plan of how you can apply your rent money to the purchase of a home, so that in a short time you will be the possessor of your own place.

Neither do we mean that you should go to the poor house to avoid the landlord problem, but we mean that it will pay you to step in or write to us for our proposition of avoiding him as well as the county's home. Our plan avoids both of these results.

If you have property that you desire to sell the best possible advice that we can give to you is for you to sit down right now and write to the Chas. E. Hicks Real Estate Co., telling them what you have, giving a full and complete description. They can sell it for you quicker than any other real estate firm in the Willamette valley.

WINCHESTER

Repeating Shotguns

USED IN THE U. S. ARMY.

The U. S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also know a gun; that's why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it *safe, sure, strong and simple*. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that's the Winchester.
