WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Pains of Independence People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill.

No need to take the statement of someone living far away as evidence. Here's a case right in this locality.

E. Woods, 22 North 5th St., Salem, Ore., says: "It gives me pleasure to recommend Doan's Kidney Pills. Although I have never used this remedy myself, it has been taken by members of my family for kidney and bladder trouble with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Next Tuesday the electors of this city will be called upon to elect the city officials for the ensuing year. There is but little being said concerning the affair at present and from all appearances it is going to be a quiet election.

E. E. McClaren of Portland, the architect who has had the construction of the new school building under supervision, announces that it will be opened today for the acceptance or rejection of the board. There is not the slightest doubt as to its being accepted, and school will begin therein soon.

One of the improvements in Independence which appeals to a stranger perhaps more than anything else is the new sewer system which is rapidly being completed. During the inclement weather work has been delayed, but it will be in progress again soon and by the time spring opens Independence will have a sewer system that will make our neighbors jealous.

After the K. of P. lodge calls to order at the usual hour next Monday evening there will be something doing all the time, and this event bids fair to be one of the most interesting that has been held by the local order for a long time. The Falls City lodge will be present with one or more candidates for adoption and there will probably be work in the second and third ranks. A banquet will be served during the night. All members should make it a point to be present.

Roy Whiteaker has established a lunch counter on C street, which was opened Wednesday. Mr. Whiteaker will be associated with Harry Ellsworth, who will act as cook. The boys are deserving of liberal support on the part of Independence people and we believe they will receive it. They have arranged a nice neat place and will make every effort to handle the trade. The place will be known as the Royal Lunch Counter.

J. M. Hilliard is making some improvements on the corner of Main and B streets, near his blacksmith shop, which are worthy of public attention. He has erected a concrete wall on B street about twelve feet high and the full length of the lot. The shop will be moved to rest upon the wall and Mr. Hilliard will fill in the street and build a concrete walk over the fill, which will connect with the walk on the same street built by the Misses Jones. This is work that should properly be accomplished by the city, but there is enough civic pride in Mr. Hilliard to go on with the work on his own responsibility, and when it is completed it will be a credit to himself and the city.
