"ECHOES FROM DIXIE LAND"

The choir of the Methodist church has secured Mrs. Sylvia McGuire of Portland, to give her entertainment. "Echoes from Dixie Land", on Friday, February 3rd, in the M. E. church. This entertainment consists of dialect readings, impersonations, and includes an interesting talk on the history, customs and tradition of the "Old South", sketches and lullabies. The members of the choir will furnish the music. Mrs. McGuire has been in Independence before and has greatly pleased the people.

It is not the purpose of the choir to compete with the Lyceum course whatever. Mr. Gilbert Eldridge, we know is fine. The Methodists expect to attend the Lyceum entertainment and believe the people will also want to hear Mrs. McGuire. The prices are 15 and 25 cents and the money cleared will be applied to the choir subscription for the church. A cordial invitation is given to all to come. J. W. Weber, Pastor.

BUD'S COLUMN

A FEW REMARKS BY THE SPORTING EDITOR

While these few remarks may seem a little in advance of the season we will take chances on them being received by the fans of the country with good heart.

Independence has always had a good name in all lines of sport that they have ever entered, let us keep up the good work. We pulled through the foot-ball season with honors greatly in our favor. While we have been held back in the basket ball period on account of the lack of stamina necessary to make up a good aggregation, we are willing to let that go into the past and take up the future.

As we said before, it is early in the season to be talking base-ball, but let us prosper by the old saying, "Don't put off for tomorrow what you can do today," and get busy.

Get the boys talking and looking forward to the coming season, then when the time comes to organize we will have them all out trying to make the team.

We have plenty of good material in our reach and should turn out a fast team to represent this town. The High School has enough fast men in their calling to out class anything in this part of the state.

All other towns, especially in Washington are making preparations to start training by the first of March. What is to keep us from doing the same?

The proper thing to do is get together and form a league in this county, then interest will wage strong for the championship and we will get base-ball here that we never saw before in this place.

We hope the high school will make up in base-ball for what they have lost in the basket-ball season.

Boost it and pass the word along then when the boys come out of the season with flying colors you will see where an early start put you at the goal first.

INDEPENDENCE WINS

In a fast game of basket ball last Friday night, the local high school squad succeeded in laying it on to Dallas high to the tune of 23 to 5.

Although the visitors did not put up the game they should, the game was very good from start to finish.

Fluke is to be complimented on his good playing as he was fortunate in getting several long shots from the field.

Through a little rough playing on both sides, Dallas left the field five minutes before the time was up.

The line-up:

I. H. S.	Dallas H. S.
G. Newton	L. F. Boydsen
Reeves, Butler	R. F. Woods
Fluke	C. Barnum
Morrison	L. G. Matheney
Seeley	R. G. Campbell Cutler
Referee-Teats	Umpire-Crowley

The Independence Public School team won from Dallas Public School by a score of 15 to 14.

In a poor exhibition of basket-ball played at Monmouth Wednesday eve, Monmouth defeated Independence High 14 to 4. Fluke and Williams scoring for Independence.

THE LOUISE SUNK

The gasoline launch, Louise, went to the bottom of the Willamette Sunday afternoon, only a few minutes after it was taken off a bar near the docks.

Owing to the falling of the river the launch was left high and dry and it seems that the boat was shoved on to a timber sticking out of the water, making a large hole in the bottom directly under the engine.

The accident was not noticed until the boat was pushed off from shore, and it sank in a short time.

After working night and day a crew of men succeeded in getting it on shore Monday afternoon and it will undoubtedly soon be in running order again.

Come! in and see our men's and boy's clothing and you will not hesitate today when you see the quality compared with the price. Conkey Walker & Lehman.

"Echoes from Dixie Land"—An evening in southern dialect and story will give you much enjoyment. Hear Sylvia McGuire Friday night, February 3rd, at M. E. church.

Standing by the
Family Name

A maker has his own reason for putting his name on a piano. It is a creditable piece of work. He is willing to assume the responsibility for its future.

Makers who send out pianos without their factory imprint have their own reasons also. Stenciling on the name board any name that strikes a retailer's fancy their own personality does not appear in the attraction at all; why, then, invite trouble? The dealers who sell these fatherless "stencil" instruments—sell them, recommend them, do everything but become accountable for them. How can they? Their interest in a piano that bears one name this year, another the next, must be more or less transient. The purchaser cares nothing about that. He does care, though, about the instrument wearing well. Not for one year nor for ten, but long after the dealer may have, and doubtless has, gone out of business. That is why all sound piano reasoning leads to buying from the manufacturer or from his direct representatives. Here is the

Matchless
Baldwin Pianos

Grand Prix-Paris, 1900. Grand Prize-St. Louis, 1904.

Its makers work with half a century's experience at their command. Flawless materials are chosen. Specialized craftsmen toll over every detail. The whole is refined, polished, brought to rare perfection. When the instrument goes out into the world to meet artistic standards, the makers not only sign it with their own name but (such is the personal "paternal" nature of their feeling) follow its career with as keen an interest as a father keeping track of a particularly promising child.

The name "Baldwin" on your piano is sterling assurance of continued satisfaction. To the big mass of buildings comprising the Baldwin home you may look for the redeeming of this pledge. Skilful control of factory economies brings price within the lowest figure consistent with high quality.
