PATRONS WANT HIGH SCHOOL

People of Buena Vista District Vote For Higher Education

An enthusiastic meeting was held at Buena Vista, Tuesday night, March 14, by the patrons of that school district, assisted by the patrons from four surrounding districts. The purpose of the gathering was to determine the sentiment in regard to the proposal for the establishment of a High School at Buena Vista. N. M. Prather was chairman, and there were nearly a hundred interested voters present. The question had been thoroughly discussed before in advance, and when it was put to a vote all but two announced themselves in favor of building a high school, and the school board was instructed to call a special school meeting for the purpose of taking a formal vote to decide the matter.

The law requires that 20 days notice of such a meeting shall be given, and at the expiration of that period, the voters will be allowed an opportunity to express their convictions by ballot.

WINCHESTER
Repeating Shotguns
USED IN THE U. S. ARMY.
The U. S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also know a gun; that's why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it safe, sure, strong and simple. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that's the Winchester.
