

ROYAL Baking Powder Economy

The manufacturers of **Royal Baking Powder** have always declined to produce a cheap baking powder at the sacrifice of quality.

Royal Baking Powder is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is more economical at its price than any other leavening agent, because of the superlative quality and absolute wholesomeness of the food it makes.

Mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food. In England, France, Germany and some sections of the United States their sale is prohibited by law. Alum is a dangerous mineral acid, and all physicians condemn baking powders containing it.

The label of alum baking powders must show the ingredients.

Its Easy to go Wrong

ON THE FURNITURE QUESTION, and many and many a housekeeper has done it. Most of them do it by means of mail order catalogues. In it they see pictures of beautiful furniture along with wonderful stories of cheapness. And they never stop to reflect that things are so fixed in this world that much cannot be bought for little. Furniture, of all things in the world, cannot be satisfactorily bought without an examination. We never tire of explaining all about the goods that we sell, and after you have made a selection you can be assured that what you purchase will make good in long service.

SOME OF OUR CLAIMS

We don't believe you can find a better all round place to fit out the home than right at this store. We don't believe that you can find a place that will deal more fairly than we will. We don't believe that, dollar for dollar, you can do quite as well anywhere else.

THESE ARE OUR CLAIMS, TO PROVE THEM IS OUR AIM. Will you give us an opportunity to do so the next time you are needing something in our line?

BICE & CALBREATH

INDEPENDENCE,

OREGON.
