Housewives have used a cloth to protect their hair while sweeping, but nothing to protect their faces, causing irritation and inflammation. Dust is both dangerous and annoying. You would refuse water that was not clean, but continue to breathe the polluted atmosphere and never complain.

NO-DUST SWEEPING COMPOUND is chemically prepared, absorbs the dust and disease germs, saves doctors' bills. Make your premises "dust clean" by using Sweeping Compound; burn the sweepings.

### BIG FIRMS EVADE TAX LAWS

Deceive the United States in Salary Returns—Office Boys at \$10,000 a Year.

Denver, Colo.—Somewhere in Denver there are several—maybe a score—of office boys who are drawing fabulous salaries for opening mail and running errands. The boys don't know that they are drawing these salaries of \$3,000 or \$5,000, or even \$10,000 a year, but they are just the same.

But it is only in the reports of annual net incomes that are being made to the United States internal revenue officers by Denver corporations that these salaries appear.

Under corporation tax law salaries are deducted from the net total sum taxable. Revenue officers say the total of salaries this year as shown by the returns has taken an enormous jump. If some of the reports are true, they say, there are many firms in Denver who are giving away money every day.

Then there are salaries listed for employees now living in three-room flats that, if really paid, would enable them to live in mansions.

### SKIN IN COLD STORAGE

CUTICLE KEPT ON ICE FOR A MONTH IS STILL ALIVE.

Physicians Discover That Skin Taken from the Human Body May Be Kept in Healthy Condition Indefinitely.

Philadelphia, Pa.—Through the successful outcome of an operation, performed on 18-year-old Anna Windt, the physicians at the Samaritan hospital have made a discovery which may be of incalculable benefit in the grafting of skin. The discovery is that skin taken from the human body may be kept in a healthy condition for an indefinite period and that it may then be used to replace skin that has been burned or otherwise destroyed.

Early this year a man entered the Samaritan hospital to have an operation performed. This operation included the removal of thirty-two square inches of skin from his abdomen. Dr. Babcock had this carefully rolled up and put on ice until he should be ready for the experiment. This was made thirty-five days after the skin had been removed from the male patient. Twenty square inches were taken, smoothed out, and carefully put in place on the girl's arm.

For several days the arm was examined minutely and then it became apparent that the frozen skin was "taking hold" to the natural skin with as much firmness as if it had been taken directly from living flesh.

The Successful Men. Perhaps it is more than true that half of the great college buildings in the land are splendid gifts from "Village Chumps," who broke away from home because they could not find a chance to expand or express themselves in their native two-by-four town; and never, or hardly ever after, got the first ghost of a show or the spare time to acquire an education.

Ahead of Optimist. The man who accepts calamity when it hits him as so much necessary medicine administered for his own good, and makes no ugly face when swallowing defeat, even if he admits it, is not to be classed as a pessimist. Such a man is far ahead of the optimist who insists he never had anything handed him and fools himself, as he often does others.

Files and Mosquitoes carry disease germs, especially Malaria, Chills, and Fever. Two or three drops of Haulins Wizard Oil on the in-sole bite will take out all the poison. Stops that itch, t-o.

Welsh Rabbit Recipe. You are a great success with a "chafing dish," said the admiring guest. "Tell us how you manage it?" "It's very simple," replied Mr. Crosslotti. "You take everything your wife has set out on the table for you and put it into the chafing dish. Then you light the alcohol lamp underneath and with a large spoon stir the mixture vigorously until your wife tells you to stop."

In Different Circumstances. "Hurry, dear!" exclaimed the husband. "The fire is gaining. We must get out. Haven't you got your clothes on?" "Oh, I can't go out this way," she screams. "I couldn't find anything to put on but my bathing suit, and I'm not going to face all that crowd in it!"—Life.

### AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, was in bad luck, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and soon found relief. It surely has cured me. Mrs. SALLIE STEVENS, R. F. D., No. 8, Box 31, Waurika, Okla.

Another Grateful Woman. Huntington, Mass.—"I was in a nervous, run down condition and for three years could find no help. I owe my present good health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier which I believe saved my life. My doctor knows what helped me and does not say one word against it."—Mrs. MARI JANETTE BATES, Box 134, Huntington, Mass.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ill, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

### ONE GOOD CIGAR IS WASTED

Man in Arkansas Failed in His Attempt to Bribe Agent into Giving Him Lower Berth.

"Do you know what time the next train will pass through here going north?" asked a man who had been compelled to stay over night in a small town in Arkansas.

"There will be one in about twenty minutes," replied the ticket agent. "Bully! Do you ever smoke?"

"Yes, sometimes."

"Here's a cigar that I bought in Dallas. You can't get anything like it in this town. I think you'll enjoy it. They charge 17 cents apiece by the thousand for that brand."

"Thanks. I'm afraid it may spoil my taste, but I'll take a chance on it, just the same."

"Say, can you fix me out with a lower berth for St. Louis?"

"I can telegraph to have one reserved for you on the train that passes through here at 5:20 tomorrow morning."

"No, no; I want to go on the train that's coming now. Can't you fix me out on that one?"

"Nope. I'm very sorry I can't do it."

"Oh, come on! you can arrange it some way."

"No, it's impossible."

"Well, I'll have to fix it with the conductor, then, I suppose."

"You won't be able to get a berth from him."

"I won't, eh! You watch me. There's a sleeper on the train, isn't there?"

"No."

"What! No sleeper? What kind of trains do you run on this line, anyhow?"

"Well, this one that's coming is a freight train."

Overworked. "My husband," said Mrs. Jenner Lee Ondo, "went on a strike the other day."

"Why, I didn't know he worked at any regular job," said Mrs. Selldom-Holme.

"O, yes; he winds the clock once a week, and always has done it on Monday morning, but last Monday he kicked. He says it's an eight-day clock, and by George, he's going to let the blamed thing run eight days hereafter without touching it! Saves him six windings in a year. You'd think to hear him rant about it, that he's the first man who ever found that out. Some men are so peculiar."

"No," said Mrs. Selldom-Holme; "they're all alike. My husband feeds the chickens on the same plan."

Not for the Cook After All. "Madam, I have an attachment for your cook."

"Well, call after nine o'clock, and go to the rear door."

"But that is after working hours."

"I know it. We do not permit courting in the kitchen until after working hours, my good man."

"Courting nothing! I ain't no policeman! This is an attachment for the stove, an' she said you told her to order it."

Something Serious the Matter. "Doctor, I've come to see you about my wife. I'm afraid there's something serious the matter with her."

"I'm sorry to hear that. What are her symptoms?"

"Why, the other day, when I was out of town, she had occasion to go to my office, and there she found several letters marked 'private' that she didn't open."

### Knew a Thing or Two.

The farmer had bought a pair of shoes in the city shop. "Now, can't I sell you a pair of shoe-trees?" suggested the clerk. "Don't get fresh with me, sonny," replied the farmer, bristling up; "I don't believe shoes kin be raised on trees any more'n I believe rubbers grow on rubber plants, or oysters on oyster plants, b'gosh!"

To Stop Bleeding at the Nose. Introduce by means of a probe a small piece of lint or soft cotton, previously dipped into some mild styptic, as a solution of alum, white vitriol, creosote, or even cold water. This will generally prove successful, but if it should fail, cold water may be snuffed up the nostrils. If these remedies fail, and if the bleeding be very profuse, medical advice should be obtained.
