TWO PERISH FROM HEAT.

Woman Jumps From Window—Dogs Driven Mad.

Chicago, May 17.—Chicago yesterday sweated through the hottest May 18 in 17 years—88 degrees above at 1 o'clock. As a result, two persons are dead. There were numerous prostrations and intense suffering from the humidity which precedes rain storms which have threatened for several days but have not materialized.

Anton Erickson, employed in a foundry, dropped unconscious from the heat and died on the way to a hospital. James Bevington, a traveling salesman, died at his home from the heat. Several men fell victims in the streets and one woman, crazed by the heat, leaped from a second-story window, but escaped serious injury.

Evanston was menaced by dogs driven mad by heat and the police in that suburb and the northwest section of Chicago were ordered to shoot all unmuzzled dogs.

The sudden excess of heat is pulling up the temperature of the lake and the bathing beaches were crowded all day and evening. The parks and other breathing spots were densely populated all day. The quick arrival of summer has caught the public unprepared and is causing much suffering. Within a month Chicago was enveloped in a blizzard which brought snow, ice and heavy frosts.

DECISION DISAPPOINTING.

Question of "Reasonableness" Spoils Effect.

Washington, May 17.—Governmental Washington—legislative, executive and judicial—gave over the greater part of today to a discussion of the Supreme court decision in the Standard Oil case. While there was gratification in administration circles over the order for the dissolution of the corporation, which has been declared "an unreasonable" combination and monopoly in restraint of trade, there unquestionably was misgiving as to the interpretation of the anti-trust law giving to courts the right to determine whether a monopoly was "reasonable" and declaring a "reasonable" monopoly not to be in contravention of the statute.

President Taft, who, a little more than a year ago, in a special message to congress, said that under Supreme court precedents there could be no such things as "reasonable" and "unreasonable" restraints of trade, or in other words, "good trusts" and "bad trusts," was said to have been rather disappointed that the court should have seen fit to reverse itself in this important matter.

CRUISER REFUSED COAL.

U. S. S. Buffalo, With Empty Bunkers, Asks in Vain.

Cordova, Alaska, May 17.—Her coal bunkers all but empty and the nearest coaling station, Sitka, 1,000 miles away, the United States cruiser Buffalo was refused fuel today by General Agent Barry of the Copper River & Northwestern railroad.

Seemingly adding irony to the cruiser's plight, the great Bering river coal fields are situated only 30 miles from the warship's anchorage, but the coal cannot be touched until the Supreme court gives its decision next fall. Private individuals claim title to these fields.

Captain Stone, commander of the cruiser, made application for part of the cargo of the steamer Edith, which is discharging 3,000 tons of Canadian coal for the Copper River & Northwestern railroad, but General Agent Barry, of the railroad, refused to sell any coal to the Buffalo, giving as a reason the fact that the railroad had cabled rush orders for this coal, having learned of impending labor troubles in the mines at Nanaimo.

Captain Stone, greatly surprised, made inquiry concerning the amount of coal at Valdez and Seward, and found the supply there meagre. The nearest large coal pile is at Sitka, 1,000 miles distant, and the cruiser, it is said, has not coal enough for power to steam to that port.

Taft Greet Southern Warriors.

Little Rock, Ark.—Dixie melodies sung by choirs from all parts of the South overshadowed routine business at the first session of the United Confederate Veterans' reunion here. It is declared there are more old Dixie warriors gathered for this reunion than have been assembled since the conflict between the states. General Gordon announced that a telegram of greeting had been received from President Taft. It is the first message of this sort to be sent to a Confederate reunion by a Republican president.

Nurse Gets Big Fortune.

New York.—By the will of Walter E. Duryea, a crippled athlete and broker, just filed, the bulk of his fortune, estimated at \$2,500,000, goes to Miss Eleanor Peregrin, a trained nurse, who acted as his housekeeper for the last 12 years of his life. She is given \$50,000 outright, \$30,000 in trust, a house in Montclair, N. J., and all the residue of the estate after certain legacies have been paid. Her total share is worth \$1,500,000.

No Boxing on Memorial Day.

Indianapolis, Ind.—Plans for a boxing carnival, to be held at the American Association Base Ball park here on Memorial Day, following the 5,000-mile automobile race, were given a setback when Mayor Shank said there would be no boxing in Indianapolis on Memorial Day.
