

Years of Suffering

Cataract and Blood Disease - Doctors Failed to Cure.

Miss Mabel F. Dawkins, 1214 Lafayette St., Fort Wayne, Ind., writes: "For three years I was troubled with cataract and blood disease. I tried several doctors and a dozen different remedies, but none of them did me any good. A friend told me of Hood's Sarsaparilla. I took two bottles of this medicine and was as well and strong as ever. I feel like a different person and recommend Hood's to any one suffering from cataract."

Get it today in usual liquid form or chocolate tablets called **Sarsatabs**.

Water Towers on Fireboats.
Fireboats, owned by several of the larger cities, are now supplied with masts to elevate the discharge nozzles, on the same principle that water towers are used by land firemen.

Hope of Japan at Coronation.

There will be no more interesting royal guest at the coronation than the crown prince of Japan, who, it is now definitely decided, will represent the mikado on that historic occasion. The prince will visit England in greater state than any other royalty, for he is to be escorted by a formidable squadron of warships—the pick of Nippon's navy.

The imperial highness bears the honorous name of Yoshihito Haron-omya. He is the only son of the mikado, is in his thirty-first year, and is the hundred and sixty-second in the imperial line, the hope of a dynasty which has ruled Japan for nearly 2,000 years.

Prince Yoshihito admirably typifies the newer generation in Japan. He speaks English and French extremely well, and is a close student of the methods and manners of the west.

One of his characteristics is a fondness for wrestling, apropos of which it is related that during his school days he suffered the indignity of being beaten, in the presence of his father, by a powerful schoolmate. People expected the emperor to be displeased but, on the contrary, he called the victor to him and heartily congratulated him.

"My son," said the mikado, "will one day need many such men as you."

THE TRUTH ABOUT BLUING.

Talk No. 1.
Avoid liquid bluing. Every drop of water is adulteration. Half a cent's worth of blue in a large bottle filled with water is sold for 5 cents or 10 cents in many places. Always use **RED CROSS BALL BLUE**, the blue that's all blue. A large two-oz. package, all blue, sells for 5 cents, or 4-oz. for 10 cents. Delights the laundress. **AT ALL GOOD GROCERS.**

Erudite Physician.
A western physician received the following from a brother physician: "Dear Doc: I have a pishunt whose physical shows that the wind-pipe has ulcerated off and his lungs have dropped into his stomach. I have given him everything without effect. His father is wealthy and honorable and in-Soenahual as he is a member of assembly and god nose I do not want to lose him what shall I do ans by return mail. Yours frat, Doc Tiahbeln."

Better Done in Private.
A well-known doctor, we read, advises people to roll the eyes in order to strengthen the eye-muscles. A little risky, perhaps; for if this exercise were carelessly practiced in crowded restaurants and other public places, the eye would stand a good chance of being suddenly blackened.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Smallest Inhabited Island.
People who inhabit some of the Thousand Islands in the St. Lawrence river claim that they are the smallest inhabited islands in the world, but it has recently been determined that the site of the Eddystone lighthouse is entitled to the distinction, the island upon which this lighthouse is built being only 30 feet in diameter at low tide.

DR. Wm. PFUNDER'S OREGON BLOOD PURIFIER
A Tonic, Alternative and Resolvent. The best remedy for Kidneys, Liver and Bowels. Eradicates Pimples, Eruptions and Disorders of the Skin. Purifies the Blood and gives Tone, Strength and Vigor to the entire system.

IMPORTANCE OF SEED IN CROP PRODUCTION

Progressive Farmers Who Recognize Value of Better and More Profitable Yields Giving Matter Thorough and Careful Study.

Nnoxious Weeds Found in Farm Seeds.

Fig. 1—a, Sand bar; b, wild oat; c, these; d, darnel; e, quack-grass; f, dock; g, black bindweed; h, Russian thistle; i, corn cockle; j, white campion; k, bladder campion; l, night-flowering catchfly; m, cow cockle; n, pennycress; o, field pepper-grass; p, large-fruited false flax; q, small-fruited false flax; r, ball mustard; s, black mustard; t, English charlock.

(By F. H. HILLMAN.)
In the matter of seed buying the best protection to the purchaser is believed to be self-protection based on the ability to judge the quality of the seed offered. This belief is supported by the fact that it is both possible and practicable for buyers or consumers of seeds to determine very accurately their quality.

The impurities carried by farm seeds have an important bearing on the real quality of the seed. Their quantity may be sufficient to unduly increase the cost of the good seed and their character may be that of injurious weeds.

Very few samples of forage-crop seeds are found wholly free from weed seeds. The methods of culture and of harvesting in vogue operate against a pure seed crop. The proportion of the weed seeds appearing incidentally in the marketed seed is dependent on the number and character of the weeds in the seed-producing crop and the extent to which the seed has been cleaned before being marketed.

Weed seeds occurring in farm seed are of interest to the buyer of seed in respect to their total quality and in respect to their kinds. In many instances low-grade seed contains so much weed seed that the quantity of the crop seed is thereby greatly reduced in a given weight of seed. Of the kinds of weed seeds 300 to 400 are known to occur in the various kinds of the common crop seeds. Occasionally from 75 to 100 kinds of weed seeds are to be found in a single sample of red clover or alfalfa seed not exceeding a few ounces in weight. In some instances one or more kinds of weed seed are very abundant in the sample. As a rule, however, most of the kinds are represented by only a few seeds.

The important question in regard to the kinds of weed seed found in crop seed is whether the plants they produce are injurious or relatively unimportant. Some of the weed seeds commonly found in seed produce plants which are very detrimental to the crop or to the land. Everyone making tests of seed should become familiar with the seeds of injurious weeds. Most of the weed seeds found in making tests are seeds of comparatively harmless plants, and their recognition as to kind becomes more a matter of interest than one of practical importance.

The seed of certain farm crops in often mixed with seed of especially noxious weeds, necessitating labor and expense in preventing permanent injury to the farm. Seed may have a low germinating power due to age or to unfavorable conditions of development or of harvesting. Seed of clovers and of alfalfa found on the market sometimes comes from foreign regions possessing a less rigorous climate than that under which the

INEXPENSIVE ROLLER FRAME

In reply to a query as to whether a land roller could be made from a log two feet in diameter, with a wooden frame, the following reply is made: A frame for roller as per illustration can be made of all wood, with a few bolts to hold same together. The log sawn in two, put shaft or gudgeon can be left in one piece, or can be all the way through. Make frame out of about 2 by 6 inch hardwood. Braces each side of tongue can be made 2 by 4-inches; braces on ends, 2 by 3 inches. Have the doublerets fastened on under side of tongue, and there will not be so much down-draft on horses necks. Seat can be arranged on back, which will help balance load, and an old mower seat makes a good roller

Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Are your ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice.

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are of known composition. Their every ingredient printed on their wrappers. Made from roots without alcohol. Contains no habit-forming drugs. World's Dispensary Medical Association, Buffalo, N. Y.

Douglas, 145 Spring St., Brockton, Mass.**

Matter Quickly Settled.
In an English opera company, formed for the summer months, it was found that the tenors were too light for the rest of the chorus. The manager protested that there were voices enough, and the leading tenor was questioned why he did not sing with more force. His answer to the remonstrances of the manager was: "I am paid summer wages, and I refuse to sing anything but my summer voice." The engagement of the tenor and his summer voice came to a speedy termination.

TRY MURINE EYE REMEDY

To Get the Best Light.
When using oil lamps the housewife is always very careful that every part of the lamp is scrupulously clean and the burner is boiled to remove any accumulation of dirt. She forgets, though, that her gas jet is just as likely to accumulate soil. Often there is quite a little collection of dust and if this is cleared away the improvement in the light is noticeable.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels. Do not gripe.

Rich Agricultural Section.
It was mentioned at the annual dinner of the Lancashire Farmers' association that there were 137,000 cows in the county—a greater number than in any other county in England. Lancashire, too, had the largest acreage of potatoes, with the exception of Lincolnshire, in Great Britain, having 43,000 acres under cultivation.

Hamless Wizard Oil, the World's best liniment, has been curing pain for nearly sixty years and cure is depended upon just as surely as the old family doctor who may be miles away.

The Dog and the Flea.
Dog fanciers realize the difficulty of separating the animals from the fleas which often inhabit them. Few of the older methods are entirely satisfactory, but a Chicago electrical man is authority for the statement that the use of the vacuum cleaner is most efficacious.

Pleasant, Refreshing, Beneficial, Gentle and Effective,

NOTE THE NAME
