ROYAL PALACE OF MEXICO, BADLY DAMAGED BY EARTHQUAKE.

QUAKE KILLS 63
IN MEXICO CITY.

Most Disastrous That Has Occurred in Past 20 Years.

Many Soldiers and Women Perish in Falling Barracks—No Americans Injured.

Mexico City, June 8.—Mexico's capital today is a city of sorrow. Buildings and streets gaily garbed in preparations for great rejoicing at the advent of Liberator Madero, the city's people are mourning those who died in the chaos wrought by the most disastrous earthquake that has been experienced in Mexico in 20 years.

So far the death toll has been established as 63 souls, but it is believed that a more complete search of the ruins will increase this number considerably. Seventy-five are known to be injured and this also probably will be increased when the full details are known.

The loss to property is estimated at \$50,000 gold. No property of Americans was damaged.

Of the dead only one person, a Chinese, is a foreigner. More than half of the dead are soldiers, the worst effects of the shock being felt in that section of the city near the Mexican Central station where also stand the artillery barracks.

Another place where the earthquake took its toll of death in considerable numbers was at the power plant of the street railway company. Here six were killed and six wounded. Two others were found in debris, consisting partly of steel rails, which had been stored in the iron and wood departments, and which collapsed. The victims are inhabitants of little shacks built beside the structure.

With these two exceptions, the death list was made up of single cases, and in some instances of two or three, caught beneath falling walls in the poorer buildings of the district most seriously affected.

It was 4:46 o'clock when the first shock was felt. According to the meteorological observatory, the greatest intensity was reached at the end of the first minute, but the instruments continued to record the shocks for four minutes more.

FILM MAKERS ENERGETIC

Coronation Events to Be Reproduced Same Night in Paris.

London.—Fuller and better cinematographic records will be made of the forthcoming coronation events than was ever before attempted in Great Britain. Moreover, extraordinary energy will be exerted to dispatch the records to the principal cities of the world.

The swiftest steamers and railway trains will be employed in sending pictures to New York and Chicago. It is expected that impressions of the early scenes on Coronation day will be given to half a dozen operators.

Fisherman Gets Relics.

Astoria, Or.—While making a drift in the lower harbor a couple of days ago Jens Nelson, a gillnetter, picked up two handaxes and a buggy spring that were a part of the cargo of the old steamer Great Republic, which was wrecked near Sand Island in 1879. The axes were in fairly good condition, considering how long they had been in the water. The wreck of the British bark Delharrie, which was lost below Sand Island as she was going to sea on March 10, 1880, is being uncovered by the tides.

Chinese Infect Border.

El Paso, Texas.—Thirty-four Chinese are being held here pending the arrival of six more from Del Rio within a few days. Upon the arrival of these the entire 40 will be sent immediately to San Francisco for deportation. More than 300 Chinese from the interior towns of Mexico have arrived in Juarez the past two days and their efforts to get into the United States are giving the customs guards and inspectors a great deal of trouble.

Czar Continues to Rush Troops to Frontier.

CHINA DEMANDS COIN.

Wants 12,000,000 Pesos Indemnity From Mexico.

Mexico City.—An indemnity of 12,000,000 pesos will be demanded of Mexico by the Chinese government for the slaughter of Chinese subjects in Torreón. The demand will be backed up by a cruiser which is on the way to Mexican west coast points.

Three investigators have just returned from Torreón and placed in the hands of Shung Hai Sun, charge d'affaires of the Chinese legation, a detailed report. This shows 303 Chinese were killed and that besides a bank and club house 59 places of business were sacked.

In addition to the indemnity, an apology for insult to the Chinese flag will be demanded; also that aid be extended to destitute families of the victims; that the guilty be punished and the constitutional guarantees of protection to Chinese lives and property be made effective.

Of the 12,000,000 pesos indemnity, 2,000,000 is for property damage and the remainder for the loss of lives.

Commenting upon the matter, Mr. Shung said that, owing to the savage manner in which the Chinese were killed, there has been no attempt by his nation to fix the amount of the indemnity by prescribed methods.

LIFE IS LOST FOR MINE.

Prospector Seeking Mica Ledge Dies of Thirst in Desert.

El Centro, Cal.—Search for the body of William Burger, a veteran prospector, who had been lost on the desert for two weeks, was successful Thursday. Burger was found dead less than six miles from his camp. The body was conveyed to Imperial.

For more than 35 years Burger had searched near Carriso Creek for a ledge of mica which he had once discovered when a member of a surveying crew, but had been unable to relocate later. He left his partner, Thomas Stratton, in camp two weeks ago and started to cross a distant ridge.

Jap Poachers Protest.

Victoria.—The Empress of Japan brings news that the Japanese Deep Sea Fishing company, owners of the sealing schooner Tenyo Maru, 67 tons, which was seized off the Alaskan coast in 1909 and ordered confiscated by the United States court, has addressed a lengthy petition to Marquis Komura, minister of foreign affairs, asking that compensation be asked from the United States for this schooner.

The petition complains of the "unlawful act" of the American authorities.

Sad Life Story Is Told.

London.—At the festival of the Claremont Central mission, Mr. Parsons, a workman, described some sad scenes witnessed by the Claremont "Crusaders" during their midnight work among the Embankment outcasts during the last five years. "We see men walking along asleep," said Mr. Parsons. "I have seen them run into the trees. We have seen them asleep on the seats, covered with snow."

Strikers Declare Truce.

Cleveland.—Following the killing of a spectator by a union picket and the riots recently, the leaders of the 6000 striking garment workers agreed to a truce and peaceable Sunday.

The scheduled Sunday gatherings of the strikers have been cancelled and the strikers ordered to keep away from the factory districts and advised to spend the day with their families in the parks.

Idaho Bank Closes Doors.

Washington.—The First National Bank of Salmon, Idaho, has been closed by its directors. The institution has a capital of \$50,000 and a surplus of \$15,000.

Ex Member of Duma Warns That
Celestial Kingdom Will Be-
come Powerful Factor.

Victoria.—Russia continues her coercive policy toward China, but the latter empire is making a show of resistance, according to newspapers brought by the Empress of Japan. It is understood Russia will soon occupy Kildia. The Tokio Yomiuri says that although China has conceded to Russia the demands regarding ill promises made in the treaty have been unfulfilled, and Russia has determined to send an armed force to ill and instead of undertaking further negotiations, dispatched a note to Peking giving the reason for occupying the territory.

The Japanese paper says this step was decided upon by Russian War Minister Sukhomikoff after interviews with officials in Russian Asia. "From the fact that the Russian authorities continue to dispatch troops to the Russo-China frontiers, it is to be feared that the situation may assume a serious aspect at any time," says the Yomiuri.

An order for compulsory training by Russian residents of the maritime provinces has been issued by the military governor, all residents who have not served with the colors being ordered to train. Mr. Guchkoff, ex-president of the Russian Duma, who has completed a tour in North China, telegraphed a warning to Vladivostok that China is strongly preparing to resist. On his arrival at Vladivostok Mr. Guchkoff joined with the governor-general and other officials in a conference with the war minister to discuss the situation.

Mr. Guchkoff says that China is making rapid progress and in ten years will become the most powerful country in the Far East, and a conflict with Russia is inevitable sooner or later.

That China's attitude toward foreign intervention is becoming bolder is evident from Tientsin dispatches, which say that Chao Ehr Hsun, the new viceroy of Manchuria, has determined to station six army divisions in Manchuria and to begin construction of the Kinchen Aigun railroad, to which Japan and Russia objected strongly some time ago.

A portion of the new loan will be devoted to this work and to making a free port at Lienshan, on the Gulf of Pechili.

Madero Expects Nomination.

Mexico City.—Within 15 days a general conference of delegates representing the political party which has emanated from the revolution will be called here to nominate candidates for president and vice president, preceding the elections on October 8, Juan Sanchez Azcona, private secretary to Francisco I. Madero, announced that he probably would resign within the next few days, to direct arrangements for the convention. He declared that unquestionably Madero would be nominated for the presidency.

Full Speed Ahead, Cry.

Boston.—"Full speed ahead" along the lines for social betterment was the slogan sounded by President Homer Folke, of New York, in formally opening the eighth annual national conference of charities and corrections. Folke said that while many might be concerned, "lest by excess of taxation for social purposes and of regulation of industry for social ends, we may defeat our own purposes," he was in favor of "full speed ahead."

Gates Fights Standard.

Denver.—The Times says: "John D. Rockefeller and John W. Gates, owners of the two greatest oil concerns in America, are preparing to commence a bitter rate war in oil, and the opening gun is to be fired in Denver. The invasion of Denver territory three weeks ago by the Texas Oil company, owned by Gates, is said to be the cause of the proposed fight."

"TOP OF THE MORNING TO YOU."
So said Mr. Bread to sweet Miss Chocolate Cake, as they met on "delivery morning."

BREAD AND CAKE

after the above colloquy, were shortly thereafter found snugly ensconced in Mrs. Good Liver's cakery larder. Baked stuff from this bakery is wholesome and appetizing.
