PUBLIC LANDS CONVENTION.

Denver, Colo., Sept. 28, 29, 30, 1911.

—Call by the Governor of Colorado—In compliance with a resolution of the Eighteenth General Assembly of the State of Colorado, I, John F. Shafroth, governor of said commonwealth, announce to the people of those western states and territories having one million or more acres of public lands—reserved and unreserved—within their borders—a public lands convention to be held in the city of Denver, Colorado, September 28, 29 and 30 of this year, for the purpose of discussing all questions, and taking such action as their wisdom may direct, relative to the proper administration of the public domain, the natural resources pertaining thereto, and the practical conservation thereof under state authority and of protesting against congress enacting laws providing for the leasing of the natural resources of the West.

The following states and territories are embraced within the call, viz: Arizona, Arkansas, California, Colorado, Idaho, Minnesota, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington, Wyoming and Alaska.

Inasmuch as the province of the convention is for western people to determine upon questions pertaining to the interests of western states as affected by federal systems, it is made requisite for qualification that delegates shall have been resident taxpayers and voters within their respective states for the preceding three years.

The governor, senators and congressmen, and members of the state legislature of each state and territory, and delegate of each territory and of Alaska, are hereby commissioned as delegates.

Each governor may appoint thirty delegates. The mayor of each city may appoint one delegate for each 1000 of population, but not to exceed a total of fifty. Each chamber of commerce, board of trade, real estate exchange or other commercial bodies; each board of county commissioners; each association of stock growers, lumbermen, of forestry, of irrigation; each horticultural or agricultural organization—may appoint ten delegates.

Each governor is requested to appoint a state executive committee of five, to co-operate with the Colorado executive committee—J. Arthur Eddy, chairman, Denver, Colorado.

The real issue is, plainly and distinctly, whether the public domain—other than the little remaining farming lands—shall be held in perpetuity by the national government free from taxation by the states, to be administered through leasehold for revenue for the federal treasury, and under bureau of the national capital.

A rental or lease based upon the output of natural resources is a tax upon production, and a tax upon production is invariably paid by the consumer. Such policy would compel the western states to bear an undue proportion of the burdens of the national government. No other states have ever been compelled to pay royalties upon their natural products, why should we? Our wealth must consist, very largely, in those very features, the tax revenue from which is so essential to the maintenance of state government. Even the raw land itself is withdrawn from state taxation.

These are the conditions which confront us. It rests entirely with the people of the West whether they will acquiesce in this proposed new order of things.

The President is our authority, through the medium of his message of December 8, 1910, that these are not questions pertaining to partisan politics. Hence, those of all political faiths can unite on common ground for the defense of the West. This convention is designed as an instrument through which the will of the people of the public land states can be expressed.

With cordial urgency, I respectfully press this invitation upon those of the states which are included in the foregoing list and apportionment.

Given under my hand and the Executive Seal this 29th day of June, A. D. 1911. JOHN F. SHAFROTH, Governor of Colorado.

A BENEFIT TO THE COAST.

Pacific States Fire Insurance Co. Consolidated With Farmers Union Co. Forms a Strong Local Co.

The Pacific States Fire Insurance Company, with offices in the Chamber of Commerce Building, Portland, is meeting with marked success throughout the Northwest. Nearly 150 local agencies in Oregon are now accepting business for the Company and its influence is being steadily extended. The object of the Company is, to keep money in the Pacific States; to do a general Insurance Business; to insure Grain and Growing Crops; to distribute its stock in limited amounts among its stockholders.

Realizing that millions of dollars are sent every year to Foreign and Eastern Insurance Companies, this Company was organized by men representing our most conservative and successful business interests. The Company now has about 600 stockholders among which are over 50 leading bankers, which is a guarantee of good business administration.

The funds are all invested in the Northwest. The Farmers' Union Fire Insurance Co., of Pendleton, was recently consolidated with the Pacific States Co. and Manuel Friedly, of that city added to the Board of Directors. This combination has materially increased the volume of business and strengthened the Company financially.

This Company is one in which the people can justly take pride and one in which all confidence can be reposed. A local Company should have preference in local business. At their offices, 200-204 Chamber of Commerce Building, Portland, President, Beach will be pleased to receive friends of the Company at any time, or call and make the acquaintance of the local agent in your town.

A POOR APPETITE QUICKLY REGULATED

Loss of Appetite always means—Stomach weakness—and this requires

HOSTETTER'S STOMACH BITTERS

immediately. It tones, strengthens and invigorates the entire digestive system. Try it and see for yourself.

YOU'LL FIND IT EXCELLENT

Most Powerful Poison.

From the microbe which gives rise in human beings to the disease known as tetanus, or lockjaw, a poison called tetanine is obtained which is over 100 times more powerful than strychnine. A fragment of tetanine so small as to be invisible to the naked eye would kill almost instantaneously the strongest man. One fifteen-thousandth part of a grain of it has caused the death of a horse 1,600,000,000 times its own weight.

INFLAMMATION AND PAIN

Cured by Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I was troubled for a long time with inflammation, pains in my side, sick headaches and nervousness. I had taken so many medicines that I was discouraged and thought I would never get well. A friend told me of Lydia E. Pinkham's Vegetable Compound and it restored me to health. I have no more pain, my nerves are stronger and I can do my own work. Lydia E. Pinkham's Vegetable Compound cured me after everything else had failed, and I recommend it to other suffering women."—MRS. W. M. SEALS, 605 W. Howard St., Creston, Iowa.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from these distressing ills should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

The Eternal Now. Concern yourself as little as possible with your past. Unnecessary self torture over what you have been will only cripple you in your noble battle to be better. Now is the only point of time of great moment to you. If you devote yourself to now the past will be a dream, the future a present realization.—Joseph Russell Clarkson.

Only Married Men Count. In Corea marriage is even more important and essential for a man than it is for a woman as, until a man be wed, he is a being of no account. If a father has not selected wives for his sons ere they reach the age of twenty he is considered worthless and neglectful.

Cure Your Dandruff

Why? Because it is annoying, untidy. And mostly, because it almost invariably leads to baldness. Cure it, and save your hair. Get more, too, at the same time. All easily done with Ayer's Hair Vigor, new improved formula. Stop this formation of dandruff!

Does not change the color of the hair.

Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

The new Ayer's Hair Vigor will certainly do this work, because, first of all, it destroys the germs which are the original cause of dandruff. Having given this aid, nature completes the cure. The scalp is restored to a perfectly healthy condition.

Made by the J. C. Ayer Co., Lowell, Mass.
