### BEAUTIFUL ROSES

On his first day, as editor, the writer was working away in his new position, wishing everybody well, when Mr. James Harris came in with a very beautiful bouquet of lovely roses, also some Ethiopian Lilies, and made us a present of the same. Mr. Harris is a lover of flowers, especially the rose, of which he has in his beautiful garden more than one hundred varieties.

Mr. Harris has lived in Independence more than eighteen years. He's been bringing in flowers to the editors of the Enterprise for more than sixteen years. He came across the plains in 1866 and settled in Oregon. These men who crossed the plains were indeed great men. They are crossing the divide one by one and will soon all be gone. The nation holds dear their memory. Many thanks to Mr. Harris.

A GRANDMOTHER MAY NOT BE AS SPRY AS SHE USED TO BE, BUT SHE IS IN CLOSE TOUCH WITH HER WORLD FOR ALL OF THAT.

The Telephone enables her to make as many calls as she pleases, and in all sorts of weather. Formal gatherings have their place, but it is the many little intimate visits over the telephone that keep people young and interested. Grandmother's telephone visits do not stop with her own town. The Long Distance Service of the Bell Telephone takes her to other towns, and allows relatives and friends to chat with her although hundreds of miles away.

## Electric Signs

The most conservative lines of business find a potent advertising agent in the ELECTRIC SIGN.

AN ELECTRIC SIGN secures the attention of crowds in the main traveled highways—fixes the store in the mind of the public—dovetails with the newspaper advertising and brings trade. Electric advertising is good anywhere, but it is a positive NECESSITY to a side street location.
