MONMOUTH

The work on Monmouth's new high school is progressing nicely and the citizens are already beginning to feel proud of it.

Mr. Akers, an excellent example of eastern thrift, has purchased the farm of J. J. Reynolds. The farm consists of some 65 acres and is well improved. We hope that this change will not lose Mr. Reynolds from the community for he has upheld its standard for years. We extend to Mr. Akers congratulations upon having secured such a fine piece and hope that we may soon make his acquaintance.

The practice in the Monmouth Military Band is going steadily on, under the able leadership of Mr. J. S. Prime and Mr. Ed. Lorence. There are already 25 pieces in the band and great interest is being shown by every member. It is their intention to start giving open air concerts in the town bandstand on next Saturday evening, and these will continue throughout the summer.

Miss Lucile Clemens, now of Portland but formerly a normal school student, is visiting La-ra Craven. Miss Clemens is a decidedly interesting young lady, especially when she is telling over the hills of those dear old school days. She will be here for a couple of weeks at least, but the time will seem short to her many friends.

Mr. G. S. Wolverton, of Calgary, Canada, the younger brother of Monmouth's respected postmaster, dropped in on Tuesday evening's train. Mr. Wolverton will spend the week in various parts of the Willamette valley and will return to Canada.

After five years of continual service, Miss Ethel Newman has given up her position in the post office here to assume duties of greater worth and responsibility. All of Uncle Sam's patrons, in this portion of the country, will miss the smile that has always been handed out with the mail. Miss Newman's place will be taken by Miss Alta Postwood, the daughter of one of Monmouth's new merchants.

Mr. Beyins, a prosperous farmer of Aledo, was in Monmouth Monday. Mrs. F'sher, who owns a large farm near Suver, has been spending several days at her Silverton home.

Crop conditions are reported excellent all over this part of the valley. The hay is running heavy and the yield is good. Hay balers are starting to work and everyone is endeavoring to get as much hay down as possible—Mr. farmer is happy.

Mr. J. W. McInturff and his sister, Miss Eugenia, were visitors at the home of Mr. Chaston, of Aumsville, on

Sunday. The young people report a most excellent time and say that Aumsville would be a fine place to live in were it only nearer Monmouth.

Jesse Simpson, of Springfield, visited his parents, Mr. and Mrs. R. H. Simpson, Tuesday and Wednesday.

Mrs. F. J. Berry and Miss Emma Kramer were called to Dallas, to the bedside of their brother, J. C. Kramer, who is very dangerously ill at the hospital in that city. The latest report was to the effect that Mr. Kramer was better and hopes are held for his recovery.

Several of our citizens attended the Cherry Fair, at Salem.

David B. Campbell and Miss Carry Stump, who have been abroad for the past two years, have arrived in New York City and, after visiting the east for a while, will return to Monmouth.

Isn't it fun to see a prosperous looking farmer going up the street with a brand new mower? Any way it makes the hardware man smile and several times this year.

Mr. Louis Fischer and wife, of Silverton, have been spending a two week's vacation on "Mento", their large farm near Suver. Mr. Fischer has torn down most all of the old farm buildings and has replaced them with modern ones that would do credit to any community. Mr. and Mrs. Fischer returned to Silverton the latter part of last week but Mrs. Fischer is again on the farm looking after the harvesting of the hay crop.

HOT AND GETTING HOTTER

The east must be getting more wicked every day. The hot place can't be very far away with mercury twisting around at 110, hundreds are dying with the awful heat, while in Oregon we sleep under blankets every night and the days are delightful. Why will sane people live in the east!

SERIOUS RUN AWAY

Mr. R. Reynolds, who is out from Iowa, visiting his son, Mr. J. A. Reynolds, was in a rather serious run-away on Monday evening. Seemingly the old gentleman was renewing former farm associations by driving the mower. The horses became unmanageable in a bad place and the mower was tipped over. As a result Mr. Reynolds is confined to his bed with two broken ribs, several cuts about the face and head, as well as a badly bruised ankle. The team, after it had gotten away, ran into the buggy driven by Mr. J. A. Reynolds, but no further damage was done as the team was soon caught. Dr. Hewitt, who is attending the case, says that his patient is doing nicely and that he has hope for his speedy recovery.

POWER WILL BE SHUT OFF

Mr. White, superintendent of the Oregon Light and Power Co., was in the city on Wednesday, making arrangements for permanent improvements on their light and power system.

Commencing Thursday and during the remainder of this week, each day, from 10 A. M. till 3 P. M., the power will be shut off.

They will put in new insulators all along the line and a new transformer will be installed at their Dallas station. They intend many other improvements. We are indeed fortunate to have this enterprising and up-to-date company in our midst and we bespeak for them the cooperation of all our citizens.

CHURCH OF CHRIST NOTES

We desire your presence next Lord's Day, and invite your attention to our subjects; morning, "State Convention Echoes." Evening, "When Will People's Sins be Known?" Every citizen of Independence should be interested in the latter, especially. Come and worship with us. We have good music, and will try to preach the truth.

H. Campbell Cook, Minister.

Its Easy to go Wrong

ON THE FURNITURE QUESTION, and many and many a housekeeper has done it. Most of them do it by means of mail order catalogues. In it they see pictures of beautiful furniture along with wonderful stories of cheapness. And they never stop to reflect that things are so fixed in this world that much cannot be bought for little. Furniture, of all things in the world, cannot be satisfactorily bought without an examination. We never tire of explaining all about the goods that we sell, and after you have made a selection you can be assured that what you purchase will make good in long service.

SOME OF OUR CLAIMS

We don't believe you can find a better all round place to fit out the home than right at this store. We don't believe that you can find a place that will deal more fairly than we will. We don't believe that, dollar for dollar, you can do quite as well anywhere else.

THESE ARE OUR CLAIMS, TO PROVE THEM IS OUR AIM.

Will you give us an opportunity to do so the next time you are needing something in our line?
