All during the afternoon numbers of men, women & children came to enjoy their beauty and sweetness.

Flowers Not The Only Attraction

Nither was the flower contest the only attraction. Though their presence was most sweet yet the delicious odor of coffee proved to be very inviting for scores of people remained to partake of the lovely refreshments consisting of lobster salad, wafers, cheese a variety of cake, tea and coffee.

This was served in a tasty and elegant style by a committee of five from the Ladies Aid Society.

Mrs. E. E. Paddock was chairman of this committee and was assisted by Mesdames Percy Dickenson, Fred Moseman, J. L. Hanna, J. J. Underwood.

How these ladies could furnish this elegant tea for the small amount of ten cents is astonishing. A number of gentlemen joined their wives and partook of these refreshments near the business closing hour, enjoying a nice social hour, and relieving their wives of the necessity of preparing supper at home. At a separate table the Ladies Aid Society served ice cream and cake at the same nominal price, ten cents. Amid the festivities the Ladies of the Aid Society were delighted when presented with a most beautiful nickel plated, eight gallon Coffee Urn by J. L. Hanna and Dr. Hewitt.

The Methodist ladies give these afternoon teas once a month, furnishing a most delightful social time not only for the members of the church but the entire community. Strangers are always welcome and made to feel at home.

When You Buy Sox—Think of Your Wife

Next time you buy sox remember this fact—your wife will appreciate "Holeproof." If you take common sense she will have to darn them every week. If you insist on "Holeproof" she will have no darning to do for six months.

It costs no more to get the genuine "Holeproof." Don't let anyone sell you an imitation—think how your wife will have to sit up nights for six months to keep them mended.

Insist on "Holeproof" and see how surprised and delighted your wife will be for the next half year.

FAMOUS Holeproof Hosiery

FOR MEN WOMEN AND CHILDREN

The makers have spent 31 years to reach this perfection in hosiery. So remember when others offer to imitate the guarantee they can't imitate the quality.

They pay 63 cents a pound for the best Egyptian and Sea Island cotton. Others often use common cotton at 12 cents a pound.

The yarn is 3-ply in the body and 6-ply in the heels, toes and knees. Others use 2-ply throughout. But you pay the same price for both.

"Holeproof" is shaped to fit the ankle as neatly as a glove fits the hand. The fabric is soft and comfortable—it is simply perfection in hosiery.

Ask our clerks to show you the hosiery. It comes in eleven colors for men, six for women and two for children. Prices from \$1.50 to \$3 a box of six pairs. Come in and see it today.

Electric Signs

The most conservative lines of business find a potent advertising agent in the ELECTRIC SIGN.

AN ELECTRIC SIGN secures the attention of crowds in the main traveled highways—fixes the store in the mind of the public—dovetails with the newspaper advertising and brings trade. Electric advertising is good anywhere, but it is a positive NECESSITY to a side street location.
