MUNYON'S WORK TALK OF CITY

Big Success Shown by Number of Callers.

Local Man Tells San Francisco Headquarters of Remarkable Relief From Rheumatism.

The apparent success which Professor James M. Munyon, the world-famous health authority, has been meeting in San Francisco has started much discussion. The continuous stream of callers has kept Dr. Munyon's expert representatives busy every day for several weeks at the main store of the Owl Drug company, San Francisco, where he has established headquarters for meeting the people.

Munyon's following seems to be enormous. Those who believe in his theories seem to think he possesses the most marvelous powers for the healing of all sorts of diseases. Munyon, himself, laughs at this. He says: "The hundreds of cures which you are hearing about every day in San Francisco are not in any way due to my personal skill. It is my remedies, which represent the combined brains of the greatest medical specialists science has ever known, that is doing the work. I have paid thousands of dollars for a single formula and the exclusive right to manufacture it. I have paid tens of thousands of dollars for others of my various forms of treatment. That is why I get such remarkable results. I have simply bought the best products of the best brains in the world and placed this knowledge within the reach of the general public."

Among Munyon's callers yesterday were many who were enthusiastic in their praise of the man. One of these said: "For six years I suffered from rheumatism. My arms and legs were afflicted so badly that I could hardly work, and I could not raise my arm to my head. The pain was most severe in the back, however, and I was in perfect torture. I tried in many ways to get cured, or even to secure temporary relief, but nothing seemed to help me until I was persuaded by a friend to try Munyon's Uric Acid course. It was the most marvelously acting remedy I ever saw, within a week the pain had most gone and inside of a month I considered myself entirely cured. I can now go out in the worst weather—cold, or wet or anything else, and I have not felt any suspicion of a return of the disease."

I think that every person who has rheumatism and does not take the Uric Acid course is making a great mistake."

Letters addressed to Professor J. M. Munyon, care Owl Drug Co., San Francisco, Cal., will receive as careful attention as though the patient called in person. Medical advice and consultation absolutely free. Not a penny to pay.

Drives away Flies, Mosquitoes and Gnats It protects horses and cattle from attacks of insects, enabling them to feed and sleep in peace. It prevents loss of weight and strength, from worry caused by attacks of insects, and from the irritation of their bites and stings. There is a satisfaction in the relief it affords domestic animals from the scourge of maddening parasites and flies, besides the profit in returns. Horses do more work on less feed and cows yield more and better milk when relieved from the frenzy incited by constantly fighting a swarm of voracious, insatiable insects.

IS DESCENDANT OF ROYALTY

Beautiful New York Girl Who Belongs to the Extinct Dynasty of Hawaii.

New York.—Of the few descendants who remain of the royal house of Hawaii there are at least two who are residents of this country. These are Miss Anna Douglass Graham, of New York, and her mother, who is the wife of the famous Dutch painter, Hubert Vos. Mrs. Vos before her first marriage to Mr. Graham was the Princess Kaiulani. Miss Graham is one of the most beautiful young ladies in the metropolis and was one of the six bridesmaids of Vivien Gould at her recent marriage to Lord Decies. It is now reported that she is to become the

bride of Jay Gould, the youngest son of George Gould.

The former Queen of Hawaii, Liliuokalani, whose name is rarely mentioned now in the newspapers, is living at Honolulu, where she still keeps a little court. For years she made periodic visits to Washington to press her claims against the government for the value of the old crown lands which formerly were invested in her and which now form the public domain. But Washington would not be convinced that she had any rights in this particular and apparently she has given up the fight and will probably never again leave her island home.

The native Hawaiians are still deeply attached to their former queen. On her birthday all Hawaii floods to the ex-Queen's home in Washington place and pays court to her in that pretty home in the old, old way, with the ahi, or nobles, wearing the ahueas about their shoulders and the kiliis standing solemnly in the corner in token of royal dignity.

Liliuokalani was dethroned in the revolution of 1893, when a provisional government was declared, with Sanford B. Dole at its president. Annexation to the United States was then sought, but upon the refusal of President Cleveland to sanction it the republic of Hawaii was proclaimed an independent state in 1894. In 1898 during the administration of President McKinley Hawaii was annexed to the United States.

HOUSE BUILT IN A TREE TOP

Two Ravenswood, Ill., Boys Construct a Comfortable Domicile in a Big Willow.

Ravenswood, Ill.—A tree house "that's different" is now being built in this Chicago suburb, by two boys, Robert Broadbent and Charlie Brandus. In the first place it takes two big willow trees to hold up this house and it is substantially stayed by a third.

Then there is more pretention about this house than most tree structures, for it has an L, there are to be two rooms, and on top there will be a roof garden. Ever hear of a roof garden on top of a tree house?

The house will be illuminated by electricity and it will be substantially

furnished for both summer and winter use. The squirrels as a rule make use of tree houses in Chicago in winter, but Mr. Fluffy Tail, his gray coated wife and his family will have to keep out of this one, for it's going to be occupied even when the wind blows cold, and snows cover the garden overhead to the depth of a foot or more.

Gets \$125,000 Pipe Organ.

New York.—A \$125,000 pipe organ, the largest and finest chamber organ in the world, has been installed in the \$10,000,000 Fifth avenue residence of ex-Senator W. A. Clark of Montana. It occupies one end of the senator's main picture gallery. The organ was built in Los Angeles and contains 4,600 pipes. Its owner has engaged as his organist Arthur Scott Brook, who was organist of the giant organ at the Chicago world's fair.

Playing the Fiddle.

Mr. James P. Turner, chancellor of the Roman Catholic archdiocese of Philadelphia, has a trait in common with the late Archbishop Ryan which enables him to decide to do something without leaving a sting.

Like his late chief, he usually tells a story and then escapes committing himself. Since the balloting for a successor to Archbishop Ryan he has been importuned, cajoled and otherwise held up for a word that would give an idea as to what was the result of the balloting. As he is sworn to secrecy he must keep quiet.

To a group of newspaper men he said:

"Once there was an assistant to a man who held a responsible position. This assistant took upon himself much of the credit for his employer's popularity. One day he complained by saying: 'I'm tired of playing second fiddle.'"

"The trouble with you is that you are trying to play first violin before you have learned how to play that second fiddle," was his employer's kindly but firm admonition."

THE TRUTH ABOUT BLUING.

Talk No. 11.

The well often runs dry where they make bottle blue. It's easy to see. Only a little quantity, say half a cent or a trifle more, in the double strength kind and a large bottle of water and the delusion is completed.

Buy RED CROSS BALL BLUE. Get a pure blue. Makes clothes snowy white. ASK YOUR GROCER.

Pineapple Cream.

Beat the yolks of three eggs slightly, add the juice and grated rind of one lemon, a pinch of salt and half a cupful of sugar. Let simmer on the fire slowly, stirring all the time until it thickens. Then remove and stir in a cupful of canned pineapple grated fine and one and a half tablespoonsful of gelatin which has previously been soaked in half a cupful of cold water. When the mixture begins to jell stir in half a cupful of cream beaten to a froth and the whites of the three eggs also beaten stiff. Turn into a mold and chill thoroughly until time to serve.

Relics of Past Ages.

An interesting discovery was made recently at Spittal (Eng.) by a number of workmen. While digging operations were being carried on, a quantity of human bones were turned up. This was followed by the unearthing of a number of stone coffins, each containing human remains. The coffins bore no resemblance to the massive sarcophagi recently disinterred at Berwick, but consisted simply of rough stone slabs.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Modern Teachers Criticized.

Our educators are owl-wise, our teachers are pedants and all their ambition is the turning out of smooth, well-polished philistines. It is certainly unfortunate that the favored type of superintendent of our public education should be such a hopeless philistine, possessed of all the conceit of the mediocre business man. Routine is his ideal. Originality is spurned and suppressed—Dr. Boris Sids.

Noble Ideal.

In the effort to appreciate various forms of greatness, let us not underestimate the value of a simply good life. Just to be good; to keep life pure from degrading elements, to make it constantly helpful in little ways to those who are touched by it to keep one's spirit always sweet, and avoid all manner of petty anger and irritability—that is an ideal as noble as it is difficult.

Why She Chose the Gown.

A woman in Cherryvale, Kan., was allowed her choice between a new parlor rug and a summer gown. The Journal says that after three sleepless nights she decided on the dress. She argued: "I can darken the parlor and the rug will look all right in subdued light, and besides, hundreds of folks will see the dress who would never see the rug."

Forgiveness of Children.

It is the sweet and entire forgiveness of children, who ask pity for their sorrows from those who have caused them, who do not perceive that they are wronged, who never dream that they are forgiving, and who make no bargain for apologies—it is this that men and women are urged to learn of a child.—Alice Meynell.

Nearly Out of Cheese.

A grocery salesman entering a store found the place in charge of the delivery boy. Upon being asked where the proprietor was, the boy replied: "I am the whole cheese here." The traveling man departed, leaving a note for the proprietor, which the boy promptly opened. "Permit me to suggest," he read, "that you are nearly out of cheese."—Success.

Dr. Pierce's Golden Medical Discovery

The heart becomes regular as clock-work. The red blood corpuscles are increased in number—and the nerves in turn are well fed. The arteries are filled with good rich blood. That is why nervous debility, irritability, fainting spells, disappear and are overcome by this alternative extract of medicinal roots put up by Dr. Pierce without the use of alcohol.

Ask your neighbor. Many have been cured of scrofulous conditions, ulcers, "fever-sores," white swellings, etc., by taking Dr. Pierce's Discovery. Just the refreshing and vitalizing tonic needed for excessive tissue waste, in convalescence from fevers or for run-down, anemic, thin-blooded people. Stick to this safe and sane remedy and refuse all "just as good" kinds offered by the dealer who is looking for a larger profit. Nothing will do you half as much good as Dr. Pierce's Golden Medical Discovery.
