

QUALITY, FRESHNESS AND ACCURACY

THE THREE ESSENTIALS in Prescription filling at our store. We use only the Purest and freshest drugs and medicines obtainable. Purest because we buy only those that we KNOW are pure; freshest because we are continually replenishing our stock, never allowing drugs to become stale on our hands. As to prescriptions we are waiting in nothing.

We employ only those of long experience, whose carefulness and faithfulness is beyond the question of a doubt. Then, too, prescriptions do not leave our store until they have been carefully checked over the second time, thus precluding the slightest possibility of error.

Oregon Power Co. Makes Change.

The Oregon Power Co. wishes to announce to its patrons that commencing Feb. 1st, 1912, it will put in effect a system of postal card billing for its residence consumers, both light and water, and respectfully request

consumers to pay the bills at the Independence National Bank, where arrangements have been made for the handling of same. It was originally intended to handle these new bills at the office of the Oregon Power Co., located at the south end

of Main St., but realizing this would inconvenience their customers to a certain extent, especially those living in the north end of town, they have now arranged with the bank for their collections. This arrangement will provide a more central location.

Come in and see them and we will give you the names of scores of people that will tell you that they will hold their shape longer, wear longer and are the easiest shoes they ever put on their feet, and if you wear a pair you will be just as enthusiastic as the rest of us.
