

The Drug Store and your Doctor

THE TWO ARE CLOSELY ASSOCIATED; THE DOCTOR puts his skill into diagnosing your case and prescribing the remedy—to the drug store is left the carrying out of his instructions.

All the physician's care is useless if the drugs he prescribes are carelessly compounded. Bring your prescriptions here—ask your doctor why.

Child's more than all others need the services of an optician of long experience. To correctly fit a child's eyes to glasses the optometrist should be able to measure and correct the defect without practically any help from the child. This can only be accomplished by long experience. Guess work with a child's eyes may result in permanent injury. Dr. Lowe, who is to be at the Independence Hotel next Friday, March 8, has had more than 20 years' experience in testing and fitting glasses to children's eyes. You and your children are safe if you wear Dr. Lowe's glasses—eye safe and price safe.
