ANNUAL SCHOOL MEETING

The annual school meeting will be held this year on the 17th of June, at which time a director and clerk are to be elected in every district in Oregon. This is a matter of great importance to each community, and school patrons ought to attach much interest to every occasion.

Schools need the earnest cooperation of every parent in the district, as much as the service of teachers, and without interest on the part of patrons there is certain to be a lack of interest more or less on the part of teachers. Let every school patron in this district make an effort to attend the annual school meeting this year and see if he or she cannot offer some suggestion that will be of benefit to the cause of education.

The voting for director and clerk will take place at the public school building and in this women will have the privilege of suffrage. Invite the women and attend the meeting prepared to make it an occasion of interest as well as profit.

DISCONTENTED

American people are often excited to discontent, even though they may be prospering in business affairs, and think a change might better their circumstances. Such was undoubtedly the sentiment in 1892 when a majority of the people in the United States were led to believe that were it not for the misgovernment and mismanagement of the party in power times would be better if they voted for a change, and the change was made.

After the change had been made, however, and the same was accompanied by a stringency of money affairs all over the country, and poverty, idleness and distress prevailed, the voters were just as eager for another change which was subsequently made at the first opportunity.

The country seems to be threatened with the same feeling of discontent and without care and careful judgment in the coming election the country may suffer an even greater financial disaster than it did in the days of the Cleveland administration.

clean up the streets abutting their homes and keep the grass cut along the walks without instructions from the city marshal, but it seems that, in some cases, there is not. Notices have been posted for nearly a week and yet some of the walks and streets are in a deplorable condition.

The races and horse show next week will attract the attention of many people from different places, and we ought to improve the sanitary conditions for this occasion, if for no other.

A man is judged by the company he keeps, so is a city judged by the condition of its streets. Let us all make an effort this year to have our streets and walks in a condition that will leave a favorable impression upon the visitors who come to attend the races.

Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Anna Kounz, 211 Mechanic St., Pueblo, Colo., says:

"For many years I suffered from nervous prostration; I was unable to do any house work and doctors failed to help me. Remedies I tried from druggists did not do me a particle of good. A neighbor told my husband about

Dr. Miles' Nerve

and he procured a bottle. After the first few doses I showed a marked improvement and after taking two bottles I was entirely cured. I have been perfectly well for years and cannot praise Dr. Miles' Nerve too highly."

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep; if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

Dr. Miles' Nerve

has proven its value in nervous disorders for thirty years, and merits a trial, no matter how many other remedies have failed to help you. Sold by all druggists. If first bottle fails to benefit your money is returned. MILES MEDICAL CO., Elkhart, Ind.
