Co-operate With Your Doctor

You and your doctor will both agree with us that there are four elements each of equal importance to be considered in the treatment and cure of disease. If you are sick now or if you are ever sick in the future you should consider the following points when you attempt to get well.

- 1st. A skillful doctor.
- 2nd. A skillful druggist.
- 3d. Pure drugs.
- 4th. Faithful following of the doctor's directions on your part.

As druggists we pride ourselves on meeting the strictest requirements of points two and three. Our record of nearly twenty years right in Independence amply substantiates our claim. Only registered pharmacists touch your prescriptions when brought to our store. We could not have the confidence of the doctors unless we were deserving. Ask YOUR doctor about us.
