What Makes a Woman?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. It's a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, headache, and tired, listless, wornout feeling.

"Electric Bitters have done me a world of good," writes Eliza Pool, Depew, Oklahoma, "and I thank you with all my heart, for making such a good medicine." Only 50c. Guaranteed by all druggists.

The clever advertising that draws you to a store, but you won't go again if the promises made are of the pie crust kind.

You Must Admire
