With the announcement in Washington that 7700 American doctors will be sent to France in the next few months, and the sending to Washington of the names of Polk county physicians eligible for the service, the time may not be far distant when physicians from here will be leaving for duty.

Larey Fitzgerald has accepted a position in the Independence National Bank made vacant by Shafer Eldridge who will leave Saturday for San Francisco, having enlisted in the navy. The call for volunteers is taking away a number of the younger men of our city and when drafting is inaugurated, the city will almost be depopulated.

Fresh Vegetables always in stock. Our Dairy Products are Direct from the Farm. Calbreath & Jones.

While returning home from Dallas Friday evening, an automobile driven by C. V. Johnson, postmaster and merchant at Airle, turned turtle on a grade a short ways out of Dallas on the Falls City road, pinning the driver and J. F. Ulrich beneath the machine and quite severely injuring the latter. The unfortunate man was brought to the Dallas hospital as speedily as possible, and word received today state all the patients are doing nicely. The occupants of the automobile were Mr. and Mrs. C. V. Johnson and two children, Mr. and Mrs. J. F. Ulrich and two children, and Allen Kuhay, all of Airle. All except Mr. Ulrich escaped without injury, extricating themselves from the car without difficulty. The cause of the accident is attributed to the glare of the lights of an approaching automobile. Mr. Johnson was about to stop to allow the other vehicle to pass, and set the brake, when in some unaccountable manner his car slid over the grade.

Those who would succeed must start, like the young chiropodist, at the foot.

Earnest Smith, who was permitted to visit his parents Sunday, reported to his company at Vancouver Monday

Some men have had so liberal an education that they can not open their mouths without giving themselves away.

The Southern Pacific station building at Gerlitz Junction has been moved to a point 100 yards north of the old site. The new arrangement of the station makes it necessary for motor cars to run in on side tracks and the transfer from the Corvallis line is made more convenient.

O. A. Macy returned home this week from Montana, where he went to look over that state as to business opportunities. He says Montana is experiencing a wonderful growth and business is humming in all lines. He visited a large sugar factory while in Billings and is much enthralled over the beet industry. He says that in the vicinity of Billings over 25000 acres are planted to sugar beets and farmers are well off financially.

Hunting and angling licenses will advance in price on May 21 from \$1 to \$1.50 while the combination licenses will be \$3, instead of \$2, as heretofore. County Clerk Robinson has received notification from State Game Warden Shoemaker that the new license blanks would be sent not later than May 25th. The only people entitled to free licenses are veterans of the Indian and Civil wars and pioneers who became residents of the state of Oregon prior to the year 1860.

In the senior class of the law department of the University of Oregon recently graduated in Portland, an Independence boy, Cecil A. Swope had the distinction of graduating with high honors, having attained a general average of ninety-two per cent for the completed three years course. Mr. Swope was not only a good student, but was also popular among his class mates, having been secretary of the Student Body and a member of the legal debating society.

The Oregon Power Company had a unique display of the progress of lighting systems in the window of the Hibbs hardware last week that attracted much attention. It showed the progression from the greese and wick dish, the tallow candle, oil lamp, the first Edison electric lamp, the recently superseded carbon filament, as well as the new Tungsten and still newer Nitrogen bulb. It showed a series of electrical development that was being featured in their campaign of education on the advantages of the modern system of electrical utilization, in other words, it showed "the ancient and modern system of lighting. Messrs. Clement Brothers were the designers.
