## MONTHLY WAR STAMP QUOTAS FIXED FOR TWELFTH DISTRICT

The Treasury Department has assigned to the Twelfth Federal Reserve District the following monthly quotas to be raised in War Savings Stamps during 1919:

January	\$ 4,200,000
February	4,800,000
March	5,400,000
April	6,000,000
May	6,600,000
June	7,200,000
July	7,800,000
August	8,400,000
September	9,000,000
October	10,800,000
November	12,000,000
December	13,200,000
Total	\$96,000,000

The total to be raised throughout the country is \$1,600,000,000.

### THE BIG FIVE

Having subscribed for one, and two, and also three and four. You won't refuse to add, will you, the big five to your store?

Save regularly. Put your money into Thrift Stamps. Convert these into War Savings Stamps. Then watch your money grow.

### THRIFT MEANS

Getting the most for your money today and in the future. Being able to meet your obligations to your business associate, your family and your country.

Getting the most out of life, in short, making of it a real success. War Savings Stamps are a tangible evidence of success.

### THE FOOD PACKAGE HABIT.

At the grocery store you can find a certain cereal that recently sold for six cents a pound when taken from a barrel. But probably you bought the same article in a small pasteboard box, for nine cents for the pound package. A stylish cotton in colors, even if selling for a higher price, will sell itself to many people, particularly if adorned by a pretty girl picture. But as you soon dump your charming maiden in the rubbish, her futile smile costs high.

Also you consume perfectly good paper stock, and help a bit to increase the price of everything made from paper pulp. So far two reasons, some home economics authorities tell us to buy more of our foods in bulk form.

Some food manufactures can show that by machinery they fill their small packages without greater expense than is involved by the other system. Still the actual comparison of prices at the stores show that many foods sold in bulk or from barrels are less expensive.

The distributor of bulk products would have to demonstrate to the public through some form of publicity that his receptacles are just as sanitary as any paper box could be. And this method calls on the grocer for a higher standard of cleanliness.

The sale of foods in small packages has been greatly promoted by the feeling that they are cleaner. The grocer who used to keep salt fish and nails in the same barrel is either dead or bankrupt. But some towns still have those who keep the corn meal barrel exposed to all the dust of the street exposed to all the dust of the street. The grocer is a busy and hurried man. If he fussed too much with his barrels and his hands, the customers waiting for him to deliver a yeast cake would probably kick. So he may favor the food package plan of distribution, as assuring cleanliness and simplifying his work.

## CHURCH ANNOUNCEMENTS

Regular preaching service next Sunday morning at 11 o'clock at Calvary Presbyterian church. It is hoped that every member will make an effort to be present.

The world has entered upon the season known as Lent. What Lent calls from those who keep it as a sacred duty is a refreshing of mind and body by simple living and quiet thinking. There is much about the customs usual to its observance, which people of any creed or religion can follow with benefit. One may not want to go to church. That is his own concern. But it must do anybody good to turn from harassing and perhaps bitter thoughts to quieter meditations and to the company of good and restful literature. On every Wednesday and Sunday evening until Easter, Father Deneaf will give a course of instructions that is going to benefit all spiritually, and his sermons already given along the line and explanation of the Catholic faith and the early history of the church, has created a deep interest. Non-Catholics are welcome to attend these lectures. There will be services Sunday morning at 11 o'clock and in the evening at 7:30.

There will be no services other than the regular Sunday School at the M. E. church Sunday morning, but in the evening the services will be held at the usual hour. Rev. Cook will preach at this service, his subject being "Stuartship of Life." You are most welcome.

Recently Dr. Dunsmore tendered his resignation as pastor of the Presbyterian church, but the congregation felt inclined to ask that he reconsider the matter, and if possible, remain as their pastor. Dr. Dunsmore is beloved by all and is a preacher of more than ordinary ability. We are pleased to learn that he will remain as pastor of the Presbyterian church until such time that another minister can be obtained.

Between March 23 and 30th the 1,500,000 Baptists in the churches throughout the northern states of the union must raise \$6,000,000 if they are to reach the goal they have set out for in their great victory campaign movement. Prominent Baptist laymen, who started this movement, felt as though the war did not accomplish all that should have been accomplished in rebuilding the world.

## Society

In response to invitations sent out for a Rally meeting of the Civic Club at the home of Mrs. J. S. Cooper, Sr., society in large numbers turned out and enjoyed a pleasant afternoon on Wednesday of this week. A revival of interest was manifested by those present and the outlook for a successful year is most auspicious. Mrs. J. S. Cooper, the first president to preside when the club was organized, gave a detailed report of what the club had accomplished since its organization, showing conclusively that the club was not entirely a social affair, but its object was along the line

### Weekly Health Talks

A WORD ABOUT THE KIDNEYS BY DOCTOR WATSON.

People are easily frightened when they think something is the matter with their lungs or heart, and well they may be; but few people understand the dangers of diseased kidneys. These organs have a duty of vital importance to perform, and if they are diseased, there is no telling how or where the symptoms may appear. The kidneys are filters, and when they are healthy they remove the poisons from the blood and purify it. When the kidneys are diseased, the poisons are spread everywhere, and one of these poisons is uric acid. The uric acid is carried all through the system and deposited in various places, in the form of urate salts—in the feet, ankles, wrists and back—often forming bags under the eyes. Sometimes the resulting trouble is called rheumatism, lumbago, sciatica and backache. Finally, come stone in the bladder, diabetes and Bright's disease.

Dr. Pierce, of Buffalo, N. Y., in recent years, discovered that a certain combination of remedies would dissolve uric acid (urate salts) in the system. He found this combination to be harmless, so that he made it up in tablets, of double strength, and called them Anuric Tablets. They dissolve uric acid in the human system as hot coffee dissolves sugar. If you have uric acid troubles, don't delay in taking Anuric Tablets, which can be secured in the drug stores. You can write Dr. Pierce, too, and he will tell you what to eat and how to live so that more uric acid will not form in your system. Dr. Pierce will not charge for this advice.

of civic and other purposes for which the club was originally founded. An enjoyable programme was given including a solo by Mrs. Clara Irvine, Mrs. Maurice Butler and J. G. McIntosh and readings by Miss Arbutnot. A feature of the afternoon was a talk given by Mrs. Bertha Campbell, who has recently returned from England spent in active work in the hospitals as a Red Cross nurse in which she narrated at length the work of the Red Cross in carry for the wounded soldiers as well as the many atrocities perpetrated by the Huns on the prisoners taken by them. Her remarks were well received and those who heard her, availed themselves of a chance to compliment her on her excellent narrative of the war, after which light refreshments was served and all left feeling that the afternoon was well spent.

Mrs. Claud Skinner was hostess to the Owls last Monday evening.

Mrs. B. F. Swope entertained the Kill Kare Klub last Friday and the usual pleasant time is the report.

## County News

Large crowds have been at the S. P. depot in Dallas daily meeting every train welcoming home the soldiers of Company L, who are returning in small parties. Everything is in readiness for the banquet and dance to be given the returned soldiers, whose arrival is expected today. The banquet will be served by the mothers of the boys in the dining room of the old Dallas hotel, across the street from the armory. Various committees are busy now decorating both places in honor of the event.

D. F. Hopkins, aged 61 years died at his home in Dallas Wednesday evening, following an illness with uremia which started Sunday. He was born in Missouri February 8 1858, and had lived in Dallas eight years. Prior to coming there he lived a number of years in Independence. He leaves a wife and several children.

The condition of Attorney Oscar Hayter of Dallas, is reported to very serious. Mr. Hayter is at the Dallas hospital where he was operated on about ten days ago. An abscess forming after the operation caused infection that has spread through his system.

Samuel Ooo, father of Sheriff John Orr, passed away at his home in Portland Wednesday and burial was at his former home near Rieckreall. Mr. Orr was born in County Tyrone Ireland, May 12, 1845. While yet a boy he went alone to the British colonies (Australia and New Zealand), where he later became a farm contractor, making a modest fortune for those early days.
