

## ALL SEEMS TO BE SATISFACTORY

ROAD MEETING IN DALLAS LAST SATURDAY WELL ATTENDED AND ALL IN HARMONY.

According to our correspondent from Polk county seat all conflicting interests were harmonized at a special meeting of the taxpayers of the county in Dallas Saturday morning of last week. Persons representative of every section of Polk county were in attendance at the county seat. When a special committee recommended a road bond issue of \$200,000, the county limit of indebtedness, a rising vote indicated unanimous approval. State Senator Patterson, of Eola, acted as chairman of the meeting and Attorney E. Piascki secretary. While the special committee was deliberating, Representative McArthur, who had come from his ranch at Rickreall, made a rising speech in favor of good roads. By the terms of the compromise the following roads are provided: Grading of the Pacific highway from the Yamhill to the Benton county lines, 26 miles; from West Salem to Dallas; 13 miles; from Dallas north, via Salt Creek and Ballston, 12 miles; from Berrydale to the Finn corner on the Pacific highway, seven miles; from Dallas to Falls City, 10 miles; from the Fern Crossing, on the Dallas Falls City line to Lewisville, and Airville, eight and one-half miles; from Airville to Sevier, five miles; from the Salem bridge to the Lincoln store, six miles; from Clansfield's corner on the Dallas-Ballston line to the Yamhill county line, eight miles; from Ferrydale west to the Ballston-

## MUST PAY TAX FOR SILK SOX

JEWELRY TAX FIVE PER CENT, ICE CREAM AND SODA WATER TAX AFTER MAY FIRST.

The Revenue Act of 1918 provides taxes on many articles of general use. On and after February 25th, 1919, manufacturers of the following articles are required to pay a tax upon their product when sold: Automobiles, motorcycles, automobile trucks, tires, inner tubes, parts or accessories for automobiles and trucks, pianos, organs, phonographs and records, tennis rackets, skates, baseball goods, chewing gum, cameras, photographic films and plates, candy, firearms and cartridges, hunting knives, electric fans, thermos bottles, cigar and cigarette holders and pipes, hunting and shooting garments and riding habits, articles made of fur, toilet soaps and toilet powders. The manufacturers of any of these articles should communicate at once with Collector Milton A. Miller to ascertain their liability. The tax on these articles does not apply to stocks in the hands of dealers, but only to articles sold on and after February 25, 1919, by the manufacturer.

Another section of the Act provides a tax of 10 per cent upon sculpture, paintings, statuary and other objects of art, when sold by any other person than the artist. Therefore, any dealer handling this class of goods should apply for information as to his liability.

On and after April 1st, there will be a tax of 5 per cent upon the sales of all articles commonly or commercially known as jewelry, including precious metals or imitations thereof, and ivory, watches, clocks and opera glasses. This tax is to be collected by the dealer upon such goods when sold to the user, and every store in Oregon handling any of these lines must collect this tax upon all sales made commencing April 1st, 1919. In order that a complete list of dealers in these goods may be compiled, all such dealers should send their names to the Collector at Portland, stating the business engaged in.

On and after May 1, 1919, there will be a tax collected from the purchaser of ice-cream, soda water, and such other refreshments of the kind as are served at soda fountains and similar places of business. Owners of soda fountains and ice cream parlors should be sure to have their names listed with the Collector at once.

On and after May 1st, 1919, the luxury tax will be effective. This provides that a tax of 10 per cent shall be collected by the dealer from the purchaser on carpets and rugs selling at over \$5.00 a square yard; picture frames, trunks, valises, purses, portable lighting fixtures, umbrellas, fans, smoking jackets, men's waist coats, men's and women's hats, caps, boots, shoes, pumps, and slippers, men's neckties and neckwear,

## ELEPHANT SHOES NEW ZOO STYLE

Now we know why leather is so scarce and shoe prices so high. They are making shoes for elephants. It has been learned that elephants suffer from cold feet during the winter months here. So Lena of the New York zoo has been fitted out in new "brogans" for the cold months—and two "maids" to lace 'em up.

silk stockings, or hose, women's silk stockings or hose, men's shirts and men's and women's pajamas, nightgowns and underwear, kimono, petticoats and waists. Practically every store in Oregon will be affected by part of the price for which the goods this tax, which will apply to all that are sold in excess of the price stipulated in the Act.

On and after May 1st, 1919, perfumes, essences and extracts, dentifrices, and similar articles, as well as pills, tablets, powders and other medicinal preparations, will be subject to a tax of one cent on each twenty-five cents, or fraction. This tax will be paid by stamps affixed to the goods by the seller. Other new taxes are on shooting galleries which will pay \$20.00 a year, riding academies which will pay \$100.00 a year, "for hire" cars to pay \$10.00 a year for each car having a seating capacity of more than two and not more than seven, and \$20.00 for each automobile having a seating capacity of more than seven. It is the intention of the Internal Revenue Bureau to give wide publicity to the various provisions of the new Act, but it should not be forgotten that the taxpayer is supposed to ascertain his liability, and that ignorance of the law is not held by the courts to be a valid reason for not complying with the law.

## GIVES INTERVIEW TO REPORTER

MRS. MILDRED CAMPBELL GIVES DETAILED ACCOUNT OF HER WORK DURING WAR.

(From Sunday Portland Journal) Decorated by the Daughters of the Empire for service in the volunteer aid detachment of Queen Alexandria's imperial nursing service, and by Queen Mary herself for her work in Queen Mary's National Guild, Mrs. Mildred Campbell, American-born and democratic, has returned to Portland after working for three years side by side with the nobility in the British Red Cross hospital.

Mrs. Campbell looks quite as handsome in her military uniform as does the major, who is down from Vancouver, B. C. Major Campbell served for four years with the Scottish regiment in France. Red Cross Regulations forbade Mrs. Campbell from going to France also, so she spent the war in English hospitals and in the Queen's guild, sharing in the uncertain feeling of existence as did her husband.

Life in London Uncertain For life in London was uncertain, especially in the early days of the war. The major was spending a furlough with Mrs. Campbell on the day that 30 or 40 German airplanes sailed over London, bringing destruction in their wake. The Campbell's fled to a convenient cellar. It was the busiest time of the week, at 11 o'clock Saturday morning, according to Mrs. Campbell, when the crowds on the streets were the thickest. In one week, while Mrs. Campbell was on duty at the hospital, three Zeppelins passed over the institution.

"The Red Cross work has been absolutely magnificent," declared Mrs. Campbell, enthusiastically. "In the beginning, often a soldier would leave England in the morning and return the evening of the same day, wounded. Later, as the line advanced further toward Germany, it sometimes happened that a man arrived who had received no attention since the first aid treatment given some 15 days before." "The hospital work was hard, but titled women entered wholeheartedly into it, doing kitchen work, scrubbing floors and attending to the most menial tasks with more patience than many of those who had always been obliged to do such work."

Presented to Queen. It was in May, 1917, that Mrs. Campbell represented America in a pageant which was the most successful given in London, resulting in her being presented to the Queen and Princess Mary. The queen was a really

charming woman, according to Mrs. Campbell, who was intensely interested in anything that was American. Later Mrs. Campbell received a private letter from her, bearing the zeal of Buckingham palace.

Mrs. Campbell also has a book, presented to her by Queen Alexandria, in whose service she worked.

Two years of Mrs. Campbell's Red Cross experience was spent in the hospital and the balance of the time in Queen Mary's Needlework guild, for which she was awarded a medal. Much of this time she spent with prisoners of the war department.

The Campbell's expect to leave on Sunday evening. Mrs. Campbell expects to visit relatives in Independence until the major receives his charge, which he expects very shortly then they expect to return to Portland where Dr. Campbell will resume his medical profession.

## CHURCH ANNOUNCEMENTS

Easter musical program to be rendered by the M. E. choir under the direction of Lottie H. McIntosh, at the Methodist church Sunday evening, April 20th, commencing at 8 o'clock. Voluntary—"The Palms"—Mrs. Allen Chase.

Benediction.

Easter services will be appropriately observed at the Catholic church at 11 o'clock Sunday morning. All invited.

Easter will be appropriately observed at the Baptist church next Sunday and Rev. W. B. Stewart will preach on "The Resurrection." A general invitation is extended to everybody to attend. Special Easter music will be furnished by the choir.

Next Sunday at Calvary church, the Easter season will be observed by special music and an appropriate sermon by Dr. Dunsmore. Services will begin at 11 o'clock. The public are cordially invited.

The Enterprise is now located two doors south of its former location.

## TOES GRAFTED ON FOR FINGERS

MARVELOUS WORK OF ARMY SURGEONS REPORTED IN MEDICAL SUPPLEMENT MADE KNOWN TO PUBLIC.

Some marvelous cases of the surgical are described in the "Medical Supplement" compiled by the medical research committee and issued by the war office.

In one case a soldier had his thumb shot away, and as the hand would be almost useless without it, the surgeon substituted the man's own big toe for the lost thumb.

In another similar case the thumb was replaced by the second toe.

"The patients obtained in this way movable thumbs that in every respect were practically useful and natural in appearance, especially in the case of the great toe, since this was exceptionally small and dexterous."

Even more wonderful was the replacement of four lost fingers by four toes. The toes were partly cut through and the stump of the hand being attached, the periosteum (the fibrous tissue that covers the bones) of the toes were sewn to that of the finger stumps. The tendons, soft parts and skin were also sewn together and then the hand and foot were fixed in plaster of paris. For a month the patient lay in a very uncomfortable position.

At the end of that time the toes were completely separated from the foot, and soon after the patient had a useful hand. At the same time he could walk almost as well as ever, with a strong and freely movable great toe."

## MILITARY GUARD ORGANIZES HERE

Independence will soon be the scene of much military activity as a company of State Guards will be permanently located in this city, due to the efforts of Captain Stidd and others, who have labored hard to accomplish this result. Last Friday evening a meeting was called and Colonel May, Major Reynolds and a number of other army men were here to help organize the company. About seventy-five men have enrolled and after some discussion, officers for the new Company were chosen with the following result:

Captain, C. L. Stidd. First Lieutenant Grant McLaughlin Second Lieutenant Ira Mix. Chaplain Dr. Dunsmore. Company physician Dr. Hewitt.

With the organization of a military company in this city, the state will defray one-third of the expense for the erection of an armory, the county and town the balance. All officers and men will receive an annual compensation to be paid by the state, as well as the rental of a suitable building, including uniforms, equipment and rifle range which will also be paid for by the state. This will mean a yearly income to the town of over \$10,000. As will be seen, it means much to our town and every citizen ought to put his shoulder behind this enterprise and give it their united support. The company will shortly be mustered into service when it will be subject to the state and national call at any time.

## Glass Is Thinking of Fifth Loan—Are You?

"I say that it takes a higher type of patriotism to serve this nation today than it required in the delirium of war, and that it is the duty of the American people, and I believe they will regard it as their privilege, to approach that question with some degree of patriotism and not altogether upon a commercial basis."

Secretary of the Treasury Carter Glass.
