

### Notice the Nobs

They're scientifically placed to prevent skids and those dangerous side slips.

Their firm, sure grip means safety. And yet, they don't "fight the road."

Just the tires for *our* kind of roads.

There are four other United States Tires—every one of them a good tire.

No matter what your individual needs may be, we can fill them.

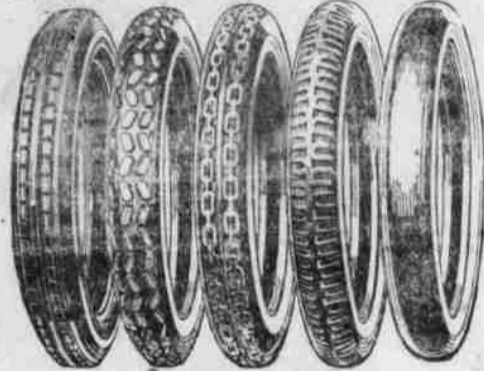

### United States Tires are Good Tires

We know United States Tires are good Tires. That's why we sell them.
