The newspaper man certainly has it on all other tradesmen or professional men when he is the victim of a pickpocket, because he invariably carries his money in other people's pockets.

Miss Dorothy Ellen Childs of this city and John Bronson Eakin, of Dallas, were united in marriage at the home of the bride's mother, Mrs. H. A. The bride is a graduate of the class of 1919 O. A. C. and is a member of Delta, Delta, Delta sorority. Lieutenant Aakin recently returned from overseas, after a year or more service in the 109th Hospital Corps. These young people are well and favorably known in the community and start out on the voyage across the sea of matrimony with the best wishes of their many friends. In the statement recently published by the Independence National Bank in the Enterprise, a substantial increase over the previous statement of deposits will be noted by Enterprise readers. The high wages which are paid to all kinds of labor has circulated a large amount of money and from the standpoint of "bumper crops" among the farmers which is in the hands of the people, there surely can be no complaint as to present conditions. Nearly every one now has a bank account which accounts for the increase in deposits.

A committee was named to solicit funds for the purchase of the Cornwell property alongside the railroad tract. The committee has acted and the sum of \$550.00 to be paid for the land has been raised. The land is in two tracts and it is planned eventually to deed it to the city to be used for development purposes. While positive information on the project is lacking it is quite likely that the saw mill will be located in that city.
