

Correctly refined

Zerolene is correctly refined from selected California crude oil. It is the product of the combined resources, experience and equipment of the Standard Oil Company.

By exhaustive study and actual tests the Standard Oil Company Board of Lubrication Engineers has determined the correct consistency of Zerolene for your make of automobile. Their recommendations are available for you in the Zerolene Correct Lubrication Charts. There is a separate chart for each make of car. Get one for your car. At your dealer's or our nearest station.

The Story of a Turret Captain

Promotion in the Navy comes quickly to those who qualify for higher ratings. In March 1899 A. F. Nilsson enlisted in the Navy as an Apprentice Seaman, 3rd class. In April 1907 he was rated Chief Turret Captain. His pay today is \$165.76 per month.

A man's life - among men!

Reel them off—"Rio", Gibraltar, Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—your ship! Every ocean has a United States ship sailing for some port worth seeing.

If you've any call in you for a full life—join, and color all your years ahead with memories of things worth seeing—with knowledge worth having—with an inexhaustible fund of sea tales and adventures picked up ashore and

afloat that will make you a welcome man in any company.

Work?—sure, and a man's work it is, among men.

Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their ears the sounds of great world cities, of booming guns, of swashing seas—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes—for Uncle Sam trains in self-reliance as well as self-respect. The Navy builds straight men—no mollycoddies.

Enlist for two years. Excellent opportunities for advancement. Four weeks holidays with pay each year. Shore leave to see inland sights at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. If you do not know where the nearest recruiting station is, ask your Postmaster. He knows.

Shove off! -Join the U. S. Navy

WAR DEPARTMENT BOWS TO WOMAN'S HAND

Uncle Sam is getting down, both, line and sinker in putting man upon his knees of equal rights. The War Department has given recognition to women for the first time. There is no longer a "man's world" in the military. The War Department is now giving the same respect to women as it has always given to men. The War Department is now giving the same respect to women as it has always given to men. The War Department is now giving the same respect to women as it has always given to men.

WRITER OFFERS COURSE ON FARM ADVERTISING

Value and Methods of Using Home Paper to Sell Surplus Produce Announced for Farmers Week

A short course on using the home newspaper to sell surplus farm produce will be offered farmers attending farmers week at the college, Dec 29th and January 3rd, by C. J. McIntosh, farmer, farm writer and ex-newspaper man.

"I have known farmers to pay a local commission man \$50 to sell 100 tons of alfalfa at \$20 a ton, when they could have sold it by paying the editor a dollar," said Mr. McIntosh in announcing the course. "They could then have kept the extra \$49, credited it to the buyer or split it with him. I asked why not advertise and sell direct, and they said, 'why, I never thought of it.'"

"Not only the advantage but the method of using the home paper will be considered. The success of the advertisement depends on the facts selected for announcement, the form in which they are stated, and the reputation of the advertiser. All of these—except the last—will be explained and so far as possible demonstrated.

Specimen advertisements that have been business-getters with results are wanted for this course.

Using the home press is not only profitable business but sound public policy as well, Mr. McIntosh asserts. These papers help farm production by running many a farm story that enables the farmer to increase or protect his crops, and are fairly entitled to a share of the paid news matter—advertising.

Editors generally like to run as news items farm stories of unusual yield, odd and interesting farm happenings and community enterprises and the course will show how this matter may be handled to mutual advantage.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.
