Lee L. Gilbert, the automobile man has been walking the streets of Salem smoking his long black cigar with a worried look, and when asked if he was worrying about the shortage of automobiles, he said that had something to do with it, but what bothered him most was that his manager, "Big Bill," Adams has left town a week ago and no word had been received from him. "Thursday Big Bill" showed up, looking very happy, and the cause of it all was Miss Laura Baker whom he married in Portland Tuesday. The happy couple will make their future home in Salem.—Salem Journal.

Miss Baker is a daughter of Mr. and Mrs. Baker of this city who live in North Independence and is quite an accomplished singer. Her many friends here join with us in wishing her much happiness.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. AR Druggists, 75c. F. J. CHENEY & CO., Toledo, O.
