

LOCAL HAPPENINGS

Miss Laura Baker returned to her home in Salem after a few days visit with friends and relatives here.

Mrs. H. A. Childs and daughter Mrs. George Maharry attended an entertainment in Salem Monday evening. Her daughter Gladys taking a part in the program.

The Kill Kares were most pleasantly entertained by Mrs. W. H. Walker last Friday evening. Besides the regular members, a few invited guests to make up another table were present. Refreshments were served.

WOOD! WOOD! WOOD!
The Selitz Lumber & Logging Co., Mill at Hoskins has again resumed operations and parties wanting first class Slab Wood, may place their order with the Independence Enterprise Office and delivery will be made as promptly as possible. Phone the Enterprise Office today or call.

Orders for slab wood will be received at the Enterprise office for the Hoskins Mills. Order today.

We don't have to print bills or fill the Enterprise columns with a lot of "dead matter" to offset the rent bills nor does the Enterprise worry over, "what will I do when the rent man comes 'round'" the first of every month. Holsum bread and Hartman Bros., are two "home concerns" no doubt, if the people could be made to believe it, but guess Independence merchants are wise to that "Bull" being spread every week about being 100 per cent Independence. Any way we have been in the game too long to worry much.

Program for Sunday evening service at the M. E. church this Sunday: Voluntary—Violin Duett. Congregational Singing. Prayer by pastor. Anthem by Choir. Scripture reading. Announcements. Offertory—Violin Duett. Congregational singing. Bass Solo—"Remember Me." Sermon—"Perfect Manhood" by Pastor. Male Quartette—"Thou' Your Sins be so Scarlet." Closing Hymn.

December 31st 1919, marked the close of the most successful period by the Independence National Bank of this city in several years, and at a meeting of the directors on that day a dividend of 6 per cent was declared covering the six months ending on that date. The remainder of the earnings placed to the "Undivided profits" account.

Largest Dental Practice in the World

Registered Dentists using the E. R. Parker System have the largest dental practice in the world. There are twenty-four complete offices, which are fully equipped with appliances and supplies for doing fine work at moderate prices and with no fear of pain.

Out-of-town patients are given especial attention, so that fewer visits are required to have dental work fully completed. This is very important to people who want to return home as soon as possible.

Nothing but fine work is done, but the prices are moderate, nevertheless, for the E. R. Parker System saves a lot of money buying supplies for twenty-four offices and in many other ways, and this saving is shared with patients.

Examinations and advice are free. There is an E. R. Parker System office at SALEM, OREGON.

COMPANY K ITEMS

We have observed that one of our newest recruits is wearing his overcoat for other than military purposes and believe us, it is fortunate for him that our captain lives out of town, the chances are we would have the privilege of witnessing a court marshal in the near future at his expense, if he had been seen by the above named gentleman.

The Captain distinctly told the company that clothing or any of the equipment was not to be worn other than for military purposes under a penalty of recommendation for court marshal.

It seems that members of the company and officers are working a hard ship on the reporter of this column by their absence of news items, and we wish they would get busy hearafter.

Col. Dentler of the U. S. Army and Adjutant General Staffin inspected Company K. last Thursday night in the annual inspection the company stood it well. A dinner was given the inspecting officers before the inspection began.

The men were instructed at Tuesday's non-commissioned school to fasten their shirt collars all the same way. For further particulars report to Serg. Dickson.

Cook Cox has sold out his share of "The Palace" to J. B. Violette and we presume he will now devote more time in doping out fancy dishes for our weekly feeds.

The non-commissioned officers training school is proving to be a great success and the attendance is

increasing each week. We observe a few privates in attendance also. One of our most efficient corporals, we are informed, is putting in every spare minute in studying military tactics which ought to send him up the line in jig time. This no doubt will be an incentive to others to follow in his footsteps. His name will not be published.

Don't forget that Independence wants and needs a new armory and she should get one, even if it has to be stolen.

Lost—Key to locker. No reward has as yet been offered.
Company K. has several new mem-

bers and many more are expected. The new equipment is fine. Company K. has a new basket ball but aside from that nothing more can be said on this subject. All members should be warned about K. P. duty. The room in the rear of the Independence National Bank, formerly used by the company is badly in need of cleaning.
