Well-Known Pacific Coast Folk Testify

Seattle, Wash.—"I used six bottles of Dr. Pierce's Golden Medical Discovery. I had an abscess (was in the hospital at the time) and I feel sure the 'Discovery' helped me, as it cleared the blood. I have had no recurrence of the trouble. That was in 1900. I also used Dr. Pierce's Favorite Prescription and went through the critical time of middle life without a doctor."—MRS. E. E. WRIGHT, 222 Oran St.

"Lived Three Months on Crackers and Milk"

Oregon City, Oregon—"I would not be alive today if it were not for Dr. Pierce's Golden Medical Discovery. I doctored with the doctors for five years for hardening of the liver and severe stomach trouble, but continued to grow worse. I lived three months on crackers and milk. I had big liver blotches on my face, my heart was weak, would have spells of being numb all over, my stomach would bloat terribly, and I would have such hard pain in my stomach that the penitents would just pour off me. I also had terrible headaches. A neighbor told me about Dr. Pierce's Golden Medical Discovery and bought me a bottle. I continued taking it until I was completely cured. I have kept it in the house ever since. It is a wonderful medicine and I just can't say too much in its favor as I know it saved my life."—MRS. M. E. HYATT, 4th and Monroe Sts.

Yes, it's toasted

YOU know how much toasting improves bread. Makes it taste good. Of course—more flavor.

Same with tobacco—especially Kentucky Burley.

Buy yourself a package of Lucky Strike cigarettes. Notice the toasted flavor. Great! Nothing like it. The real Burley cigarette.

Guaranteed by The American Tobacco Co.

MOTHERS AND CHILDREN

One of the cleverest and most practical of writers on child study and child rearing is Dorothy Canfield Fisher. She appreciates child life and the needs of children and in her very sane attitude, she shows to mothers a number of ways they may save their own time and nervous systems at no expense of the children's development and amusements. Just what are the real needs of childhood, and which can be spared more easily, elaborate clothing, patent clothing, patent leather shoes, or a happy free life of cheerfulness and simplicity and industry. Every mother must make choices and if she exhausts her nervous strength for non-essentials, she will be too tired to enjoy the radiant, satisfying, easily gained essentials. This book contains interesting chapters on "Moral Training," "Answering the Children," "A Fair Division of the not taking the children to 'Obedience,'" "Discarding the sense of omniscience." This book with a new may be found on the Shelf in the Public Library. Every mother will find it read and written in a simple style.
