OREGON NORMAL NOTES

One of the most enjoyable events of the Normal School year took place Saturday afternoon and evening when the members of the Letter 'S' Committee invited the similar committees from O. A. C. to meet and talk over further plans for campaigning in the interest of the Millage Bill in which the state schools are all so vitally interested. After the afternoon spent in the conference the guests were entertained at dinner in the Dormitory. Every table was set and real O. N. S. spirit was displayed in the speeches and clever songs accompanying the more substantial parts of the dinner.

A short program was given in the Chapel at seven-thirty by representatives of the Delphian and Vesperine Societies. The members were:

Group of Songs, Mildred Jones. One Act Play, Gretta Green. Whistling Solo, Augusta Hahn. Spanish Dance. Reading, "The Swan Song" Angela Carving School Songs.

A further number of the program which was greatly appreciated was a group of songs by a guest, Miss Chris Denholm of Portland, accompanied by Dr. Estella Ford Warner.

The remainder of the evening was spent in dancing in the gymnasium, which has been transformed into a suitable rose bower. The decorations reflected great credit on the committee which had the matter in charge. The day was all in all a most happy occasion.

During last week, and several members of the faculty were active in leading meetings favoring the Millage Bill. President Ackerman spoke at Albia and Aloha, Mr. Butler at Mountain View and Mr. Gilmore at Sallis.

Miss Grace May, a graduate of '16 spent last Thursday and Friday reviewing old friendships at the Normal. She also signed up a number of the students for teaching positions in the rural schools of Sherman county, where she is county superintendent. The teacher signed a contract for \$15 in a rural school there.

The Normal is pleased to see work resumed on the curbing in front of the buildings.

Normal students are most actively working for the Millage Bill. Practically every one legalized to vote has registered.

The Misses Cooper, Sterling and Whistler of Salem Public Schools, visited the Normal Friday.

Superintendent R. L. Kirk of The Dalles visited the Normal last week to secure some teachers to fill vacancies in his force for the coming school year.

The Motion picture, "The Spoilers" to be shown in the Chapel Saturday evening, April 24th, is a new set of pictures made from the novel Rex Beach. The old screen version of "The Spoilers" shown several years ago is a good one, but this is said to be better. The story is full of action, suspense and thrills.

President and Mrs. Ackerman entertained their daughter Mrs. Carleton and her children of Salem over the week-end.

HIGH SCHOOL NOTES

The two Literary Societies met on Monday afternoon and selected for their names "Wohelo and Wanahton." The School Board presented the High School with a new flag. The students also purchased one by the sale of flag buttons. We now have two flags.

Most of the students accompanied the base ball team to Jefferson last Friday April 16th. Everyone had a good time, even if it didn't bring back the laurels of victory.

A base ball game is scheduled with Moonmouth for Friday, April 23rd. The base ball team to Jefferson last been completed, the boys have been unable to practice, because it has been too wet.

Everyone is busy, "cramming" for exams this week.

The High School has arranged with Mr. Lewis who has traveled much in the far North, to show pictures of the North land including many Alaskan scenes for May 11th. Mr. Lewis has spent several years in Alaska and on the ice fields of the North, and will no doubt show some interesting pictures.

ENTERPRISE CHANGES HANDS

The Independence Enterprise, which has been under the management of W. J. Clark, for the past seven years, was sold this week to Z. C. Kimball, who takes possession May first. The Enterprise is one of the oldest established newspapers in Polk county and its prestige and influence extends not only in Polk county, but the entire state because of its price—birth. Mr. Kimball is a man of long newspaper experience, having been organized in similar work, in Pennsylvania, Michigan, and for several years at Klunath Falls, Oregon. He has a faculty of making friends easily, being of a pleasing disposition, besides thoroughly trained in newspaper work which insures for him a continuation of the patronage accorded the retiring proprietor during his seven years newspaper experience in Independence. We predict that Mr. Kimball will even do better. Mr. Clark will publish one more issue, April 30th, after which he will turn the management and ownership over to his successor, whom he believes, will make a success of his new venture here. We heartily recommend him to our people and especially our many patrons, feeling that Mr. Kimball will give them a newsy paper that will be a credit to the city.

Mr. Clark will remain here and devote his entire time to selling wood in car load lots or in small quantities, as he has the entire output of wood from several mills.
