

VARNO-LAC

More shabby, surface worn furniture is discarded each year than is destroyed by fire. You insure your furniture against fire. Is it insured against wear? A good piece of furniture will last a lifetime if its surface is properly protected.

Once a desk, chair or table loses its newness—begins to look shabby—it travels a fast road to the junk heap. Renew its surface with Acme Quality Varno-Lac and you renew its life. You've saved the price of a desk, chair or table, and enhanced the appearance of your home. By saving the surface you save all.

Acme Quality Varno-Lac stains and varnishes at one operation producing handsome imitations of expensive hardwoods. Good for floors, furniture and woodwork.

Being in the business, we can probably give you some helpful hints about painting.

The State University, Agricultural College and the State Normal

have for many years spent less money per student per year in training Oregon boys and girls than is spent at any other state institution. The present cost at the State University is \$200 a year; at the College, it is \$180. But even before the war, when money would buy twice as much as it buys now, the average cost at all other state institutions was \$325 a year. In addition.

THEIR BUILDING INVESTMENT IS ALSO VERY LOW

At the State University it is at present \$322 per student; at the College, \$300. But in state institutions elsewhere, statistics show the average to be \$395. These are convincing proofs of economical administration, but the three institutions can no longer give satisfactory training to the vast numbers of Oregon boys and girls (5400 in fulltime courses alone), unless they receive more support. On May 21 the Higher Educational relief measure will appear on the ballot. You are urged to preserve the quality of higher education by voting for it.
