ALBERS CASE PROTESTED BY LOCAL AMERICAN LEGION

Independence Post, No. 33, of the American Legion, has passed resolutions condemning the solicitor general for his action in the Albers case, as follows:

Whereas, it has come to our notice that the Department of Justice of the United States has admitted error in trial of Henry Albers, violator of the espionage act, and who is under

conviction for said violation, and Whereas, this conviction has been confirmed by the circuit court of appeals, and such action by the department of justice has prevented the United States supreme court from judicially passing upon this appeal,

Whereas, we feel that the solicitor general has exceeded his authority, and has usurned the nower of the court, which action is, in our estimation, an insult to true American citizenship. Therefore,

Be it resolved by the Independence Post No. 33, of the American Legion, of Independence, Oregon, that said action be condemned in the strongest terms, and a retrial be demanded,

It is further resolved that we

strongly oppose the liberal policy which is seemingly being adopted by public officials in such cases of seditious utterances by either citizens or non-citizens of the United States. A copy of this resolution to be forwarded to all members of congress from Oregon, to the attorney-general of the United States, to national and state Headquarters of the American Legion, to the local press and to that of Portland, Oregon, for publication and advice as official action of the Independence Post No. 33, of the

American Legion.
