

New Special Offerings for Week End

Independence merchants are making additional offerings for this weekend—Saturday and Monday. Sacrificing profits, and in some cases selling for less than wholesale costs, the specials for last week proved attractive, resulting in a very satisfactory business to the merchants and a lot of satisfied customers.

Genuine reductions are made on standard goods in the following list. There is no desire or intent to fake in any way. These merchants want your patronage and their purpose is to give you a dollar's worth of dependable merchandise for every dollar you expend with them with

extra measure added in these specials.

It is only by united effort on the part of the business people and others that the community can be developed to its fullest extent. The merchants are endeavoring to do their part in starting a trade a home movement which is but the forerunner of bigger things.

They are asking you to note these specials carefully and take advantage of those which appeal to you. You will sense that these offerings are being made at a time when many of us are trying to make a dollar perform as good a service as possible.
