The ooked food sale at Calbreath & Jones' store last Saturday on behalf of the children's farm home, was a decided success. Many of the purchasers refused to accept their "change". R. J. Walter Tooze, Jr., stopped in Independence yesterday for a few hours while a spring to his car was being repaired. Mr. Tooze was on his way to his home at McMinnville from a trip to southern Oregon. The expense of employing an instructor will be divided equally between the members of the class and the state. This class work has become very popular and the ladies are looking forward with much pleasure to the dressmaking course. In The Churches M. E. Church Last Sunday (Easter) was a good day for church and Sunday school. About 150 out for the Sunday school exercises given by the primary and young people's department. The program was a good one, and the officers in charge of it are deserving of credit for the carrying out to a successful issue the details of the program. A strong feature was the singing of the young people and the playing of the orchestra. At the 11 o'clock hour, beautiful Easter music was rendered by the choir and an anthem by the girls' chorus. This was so wonderful that a repetition of it was asked for the evening service. They were trained by Mr. Underhill and Mrs. McIntosh. The church was tastefully decorated. The offerings were good and a note of encouragement was sounded for the church and Sunday school. Dr. Powell, who is conducting revival services in the church this week and next, preached two beautiful and helpful sermons to large congregations.
