Farmers' Fire Relief Ass'n of Butteville, Oregon

This Farmers' Association Is Not Run for Profit.

All losses paid as soon as adjusted. Satisfied insurers is the best advertisement we can have. We are able to pay all losses that may occur.

The Association being purely a FARMERS' MUTUAL insurance company we accept no city risks, hence our losses when they occur are single and we cannot suffer loss by a town conflagration, so disastrous often to companies writing on all classes of risks.

We have only two classes of risks. 1st class—dwelling and contents; 2nd class, barn and contents, churches and contents, school houses and contents, and halls. We do not invite hazardous and unsafe risks by having a number of classes and different rates. Our two classes cover the best in insurance and only the best is taken.

We write insurance only in the Willamette valley so that every risk is practically under the eyes of the officers of the Association.

Rates—25 cents per \$100 for First Class; 30 cents per \$100 for second class.

GEO. W. CHESEBRO, Agt. INDEPENDENCE, OR.

Cherro Flour

Is being used more and more by particular bread bakers. Don't say you cannot bake good bread if you have not used CHERRO flour—Try it and see how easy it is to bake with CHERRO flour, as every sack is uniformly milled from the best hardwheat.

Cherro Poultry Feeds Are Best

Many scientific poultry men have reported to the manufacturers of CHERRO feed that there is no poultry feed on the market that equals CHERRO in quality and the price is a little less on account of less freight.

If you have not used CHERRO, try it and be the judge. Carried by

P. R. ALEXANDER

HOME GETS \$150 FROM HOPVILLE

Entertainment at School Is Very Successfully Carried Out

Due to the activity of Mrs. W. Lewis Rose and others, the Children's farm home at Corvallis, will receive a very material addition to its funds, and some 300 people were provided with a delightful evening's entertainment at the Hopville school house last Friday night.

There was a musical and literary program, followed by a basket lunch, the baskets being sold by auction. Bidding became spirited. Ownership carrying with it the privileges of sharing the basket with the fair one who contributed it. H. Hirschberg and Major W. Lewis Rose, presumably wise to the identity of the owner, topped the bidding at \$11.50, with the banker carrying away the spoils. Other prices ranged from \$2.50 to \$7, with a noticeable scramble at times over the acquisition of some particular basket.

Dr. H. Charles Dunsmore officiated gracefully as master of ceremonies and the program follows:

Address of welcome—Dr. Dunsmore
Music—Crosby Davis' juvenile violin class.

Reading—Othal Bevens.
Reading—Faith Kimball.
Saxophone solo—Willard Craven.
Reading—Richard Bridges.
Reading—Louis McGowan.
Reading—Miss Frank Hout.
Reading—Clay Powers.
Violin duet—Crosby Davis, Mrs. Ellen Davis.

Solo—Mrs. Frank Turner.
Reading—Dorothy Edge.
Reading—Eunice Ward.
Music—Davis Orchestra
Reading—Evelyn Davis.
Reading—Mike Lewis
Reading—Bonnie Savage
Reading—Margaret Hanna
Reading—Miss Frank Hout.
Reading—Jack Crabtree
Reading—Raymond Powers
Music—Davis orchestra

Personnel of Mr. Davis' juvenile class taking part in the program: Lorris Dole, Galena Kurre, Winona Carter, Martha Hill, Olo De Forest, Clarence Quartier, Lawrence Cook, Everett Landers.

Willard E. Craven qualified artistically as auctioneer, and continued the work until he partially lost his voice and Mr. McGowan continued the good work.

The receipts for the evening were \$130, and this added to a money which had been previously raised, makes Hopville's contribution to the home approximately \$150.

The school building had been attractively decorated for the event with flowers by the school children. The teachers, Miss Caudy and Miss Stephens, assisted very materially in arranging the program and instructing the children in their parts.

Miss Hout of Dallas, county librarian, was enthusiastically received in her readings, and so were the other numbers on the program.

H. Hirschberg, treasurer of the home movement in this county, was present, and so was C. A. McLaughlin, who took a load of musicians. Jimmy Jones and Art Black were in the thickest of the affray during the auction and as starters could articulate nothing but two fifty. P. R. Alexander and daughters were there.

A STORY FOUR THOUSAND YEARS OLD

From the time of the Pyramids to the present is a long period of time, yet, in those days as at present, paints were used for beautifying and preserving the objects which they covered. In the old days paint was used as a decorative material for the mummy cases. Today it is used to conserve the natural and coveted resources of the country.

Painting one's buildings is not an expense. It is an investment. It absolutely insures against depreciation and rotting. It is the only form of insurance that can be guaranteed to perform its duty 100%.

Paints have been high during the last few years but are now down to normal basis. It would seem to be economy to paint now. The Dutch have an old proverb which says "Good paint costs nothing, for it saves more than it costs."

There are many brands of paint on the market and to the consumer all paints look alike. It is only when the paint has been applied to a building for four or five years that the quality is demonstrated. It is too late to regret ones action of a poor choice of paint. It is well to buy the advertised lines.

Miss Kate Houx entertained as recent dinner guests, Mr. and Mrs. Parrish and son George of Dallas and Miss Arbuthnot, the party going to Salem in the evening to attend the May festival.

Monmouth

Another champion Jersey is in prospect for Polk county according to the test made this week at the dairy farm of Rogers and Grund southwest of town by M. J. Garland from the Oregon Agricultural college. One cow in the herd made a record of seven pounds of butterfat in a two-day period. This one is a half sister of Lad's Iota, world champion Jersey owned by Sam McKee, and she promises to hang up a new record for butter production.

Six normal students enjoyed an early morning breakfast and picnic Tuesday. Leaving the dormitory at 5:30 a. m. armed with skillet and "ham and", they hiked to Independence, crossed the ferry and selected a beautiful spot in the woods. They returned to Monmouth on the noon bus.

The first aeroplane seen in the vicinity this season made a landing on the high school baseball diamond Tuesday morning. The machine was driven by Lieutenant V. U. Ayers of Sellwood and contained two passengers. Engine trouble was the cause of the stop here.

Evangelist Floyd A. Ross, who is conducting a revival at the Christian church, went to Eugene Monday to deliver the annual address before the alumni association of the Eugene Bible University. No services were held at the church Monday evening.

Miss Friede Close and Miss Mary Alexander of Portland, graduates of the normal, were visitors in Monmouth Monday. Miss Close is also a graduate of Reed college and has been physical instructor in the Grants Pass schools during the past year. Miss Alexander finished the normal course last year and has been teaching fourth grade in Grants Pass.

The endeavor society of the Baptist church enjoyed a picnic in the Craven woods Tuesday afternoon after memorial exercises. About twenty five young people made the trip.

Miss Emma Kramer of this city, who has been a teacher in the Salem schools for several years, will retire from the school room this year after teaching for twenty-two years.

Baccalaureate services for the high school graduating class will be held next Sunday evening at the Evangelical church. President J. S. Landers will be the speaker.

P. Burton Arant attended the commencement exercises at the Eugene Bible University Sunday and Monday.

Two pupils of the training school fainted Wednesday morning. The windows were all open, but the air was very still.

Samuel Conkey, age 59, an employee at the normal, died at his home early Wednesday morning of neuralgia of the heart. He had been unable to work since Saturday, but his death came unexpectedly. He was born in Wisconsin and had lived in Oregon for about twenty years. He is survived by his widow and six children: Mrs. Lapra Webster of Eugene, Elmer of Dallas, Mrs. Ellen Eice of Dallas, Mrs. Violet Grimes of Portland and Earl and Pearl who are at home. Mr. Conkey has three brothers in Wisconsin and a sister living in Chicago. Funeral services were conducted by Rev. V. E. Lewis of the local Evangelical church Thursday at 2 p. m., at the Chapman undertaking parlors in Dallas.

Mrs. J. J. Williams is attending the state convention of the Oregon Federation of Women's Clubs at Tillamook this week as a delegate from the women's organization at Oak Point.

G. T. Boothby reports the sale of the house and lot on the corner of Main and College streets, one block west of the Baptist church, to Florence Hochberg for \$400. It was owned by E. K. Piasecki of Dallas. The new owner is making much needed improvements.

Vance Butler left for Sweet Home Thursday to begin work for the Diamond Drill company of Spokane, which is drilling for oil in that vicinity. A company has been organized by N. G. Nease of Portland and considerable land has been leased. Two 500-foot wells will be drilled for experimental purposes. Mr. Butler will move his family to Sweet Home for the summer.

W. L. Phillips is very low this week.

Next week will be a busy one at the Independence high school, marking the close of the school year. The baccalaureate sermon will be at the Methodist church Sunday night; class day exercises will take place Wednesday; class play, "When a Feller Needs a Friend," will be at the Isis Thursday night, and commencement exercises will be on Friday night.

Card of Thanks

On behalf of the Children's farm home, I wish to express appreciation to all who assisted in making the Hopville entertainment such a notable success.

Mrs. W. Lewis Rose

NEWS EVENTS AT OREGON NORMAL

A new feature of the commencement week this year will be the recital to be given by the students in the class in literary interpretation under the direction of Miss Godbold. This recital will occur on Tuesday afternoon, June 13, at 2:30 o'clock.

There has been much discussion in student body meetings lately as to whether the officers chosen at the end of this term should be elected to serve for the summer session as well as for the autumn term. It has finally been agreed, however, that the present student body shall elect officers for next year and just a temporary chairman for the summer session. He is to call a meeting early in that period for the selection of officers from the student body of the summer session itself. Further, the students of the summer session are to choose their own school activities.

The Normal glee club conducted by Miss Moore, received much well deserved praise for their singing last weekend at the Salem musical festival. Further honor came to Monmouth in the fact that Mrs. Landers sang one of the solo parts in the oratorio "Creation" on Friday evening.

Indications of a large attendance at the summer session, which will open June 19, are many. Every room in the dormitory has been engaged and applications for further accommodations are arriving every day.

The program in the chapel on Memorial day, in honor of the G. A. R., the W. R. C., the Spanish war veterans, and the American Legion, was an appropriate one entirely in keeping with the spirit of the day. The address by Judge Rand of Salem and the music by Mr. Beattie and by Miss Aldrich were numbers which were particularly appreciated.

The Delphians held their election of officers for the next year on Wednesday.

In The Churches

Baptist Church

The gospel meetings which have been in progress at the Baptist church for the past three weeks will come to a close Sunday night. There is a growing interest in the meetings, several having taken their stand for the Lord Jesus Christ and will come into the church Sunday. Rev. M. G. Bentley will preach both morning and evening. After the sermon Sunday night scriptural baptism will be administered to several candidates. Interest is being taken in the auto race. The Ford is still in the lead with the Stutz a close second. If you do not attend Sunday school any other place come ad worship with us.

S. J. McKee Appreciative

I am deeply appreciative of the efforts made by individuals and various organizations of Polk county in mak-

Fordson

THE UNIVERSAL TRACTOR

Reduce Your Production Costs

Farming, like every other business, must cut down the overhead.

It is not a question of being able to afford a Fordson; it is a question of being able to continue farming on the old too-costly basis.

The farmer's problem is not all a sales problem; it is also a production problem. He must cut down the cost of production.

The Fordson does more work at a lower cost and in less time than the old hand methods.

Let us give you the proof. Write, phone or call today.
