WEEK'S DOINGS IN HIGHLAND COUNTRY

The I. O. O. F. cemetery is being greatly improved. Bushes have been cut down in the fence rows and the dry grass burned off. The fence has been taken down between the old and new part. What a beautiful place this could be made with care. Evergreen trees set out and driveways kept in order would give this resting place of our friends a peaceful and delightful aspect.

Mr. and Mrs. Gale Alexander, Mr. and Mrs. W. N. Alexander spent the day Sunday on the river banks in the bottom. They were joined by Pearl Alexander and family from town and the John Comptons and Dr. Ketchums who live near the river.

School Superintendent Wills was calling in the district the latter part of the week in behalf of the boys' and girls' club work. Mr. Wills is building a new house, now what does a confirmed old bachelor want with a house?

Guests at the Jack Stapleton home this past week were, on Sunday Marion Smith and friend of Portland. These two young men are touring the state, having passed through Eastern Oregon to Southern, through the Willamette valley back to Portland. On Monday, Messrs. Fred Marlett and Theodore Bugbee, also of Portland, called and on Tuesday, Mr. and Mrs. Lou Stapleton and daughter were at the home of their son for the 4th.

The home of Mr. and Mrs. William Morrison is nearly completed, having been built over. It makes an attractive, modern home.

Mr. and Mrs. Oren McElmurry and Pearl Alexander and family spent the 4th at Falls City fishing. A good catch was the reward.

Miss Gladys Storey and George Stapleton attended the celebration in Pacific City on Tuesday.

Not many days now before the familiar sound of the threshing machine will be heard and the light colored streak of straw coming from the blow pipes seen. Anticipations are not very great for many filled grain sacks.

Mr. and Mrs. S. H. McElmurry and son Henry, spent the 4th blackberrying and report many berries but not ripe yet in any quantity.

Mr. and Mrs. Dell Alexander and Miss Elvea Fischer of Salem have returned from a three day camping trip.

Social Events

Even so lamentable a disaster as the fire may bring about a laughable situation as can be certified to by the Keeney and Justin families. On that day these two families had planned an afternoon and a picnic supper in the country, and the Keeney car was ready for the trip with a generous lunch, the most important article of which being a huge sack of fried chicken, stowed away in the tonneau. When the fire bell sounded, Mr. Keeney hurriedly unloaded the car and hastened to the scene, and did not return until he had taken the Warren family to their temporary home on 7th street, and had helped unload their furniture, did he leave to attend the belated picnic. The location was reached, the coffee made and the table

spread, but a diligent search failed to reveal the fried chicken. Just here a horrible thought obtruded itself. Could it be possible that the chicken had been left in the car and together with some of the smaller possessions of the Warrens have been left at the house on Seventh street? Now Mr. Keeney is the soul of generosity, and would divide with the person in need, even to the half of his kingdom, but that fried chicken, the piece de resistance of the picnic meal, never! A mad rush to town, a hurried raid of the house on Seventh street and Messrs. Keeney and Justin motored proudly back to the picnic grounds bearing between them the bag of fried chicken, "and all was merry as a marriage bell"

A delightful family gathering was held on the J. D. Hibbs lawn on July 4th, when the members of the Thomas family of Jefferson motored over for the day. A bountiful dinner was prepared and served on the lawn and a pleasant day spent, the party returning in the evening. Those participating were: Mr. and Mrs. S. Thomas, Mr. and Mrs. Walter Thomas, and daughter, Phyllis, Fred Thomas and daughter, Muriel, Misses Laura Thomas, Flora Thomas, Eva Curdy, Frank Wall, of Jefferson, Mr. and Mrs. J. D. Hibbs and Mr. and Mrs. A. L. Thomas.

With banners and flags flying, a friendly feeling, and lots of good things to eat, a 5 o'clock dinner was served on the Hewett-Dickinson lawns on C street July 4th. The dinner was followed by dancing and a general good time. Those participating were the families of Gus Miller, Percy Dickinson, Dr. Hewett, Dr. Knott, Mr. and Mrs. Pessley, Mr. Fryer, Misses Sether, Nelson and Arbutnot, Mrs. Stillwell, Mr. Brouti of Toledo, and Mr. Babcock of Grants Pass.

Mrs. Mary Stansberry delightfully entertained Hon. W. C. Faulkner, a prominent member of the G. A. R. and Rev. and Mrs. H. L. Proppe and Mrs. Smith at dinner on Tuesday, July the 4th.

SUPREME PRELATE WILL VISIT DALLAS PYTHIANS

Frederick Attwood, supreme prelate of the Knights of Pythias order, will be the guest of Marmion lodge, Dallas, Thursday July 13, and will be one of the most notable visitors of the year.

Mr. Attwood is from Minnesota, is blind, and has been without sight for years, but since becoming blind he has won the reputation of being one of the most brilliant orators in the country. Throughout the middle west he is in great demand as a chautauqua and lyceum speaker, and strange, from the standpoint of a blind man, his lectures all partake of the most decided optimism. To hear him tell of the scenes he witnessed before losing his sight is to hear a most wonderful and inspiring series of word building that fairly takes away the breath and leaves you gasping for a look at something like that which he describes.

Tired of cold winters in Minnesota

Mr. Attwood is looking for a new home location, and certainly would be welcomed to Oregon. He is truly a great man. His wonderful attitude towards life, in view of his affliction, has caused him to be looked up to by many people.

Marmion lodge is preparing already for the big event, and will put on the page rank work previous to the speaking. Several candidates will be initiated, it is expected. It will be quite an honor to take the frat degree in the presence and with the participation of the supreme prelate.—Observer.

Our Repair Service Means Ford Service

We wonder if the Ford owners realize the importance of the Ford repair service. In a measure, directed by the Ford Motor company, we are operating a repair department for the special benefit of owners of Ford cars and Fordson tractors.

Our equipment is made especially for this class of work. It is very efficient and labor saving, and we employ none but experienced workmen. And then of course we use genuine Ford parts. Then, there is another important consideration—**WE GUARANTEE OUR WORK.**

There is no profiteering in the repair department. The prices are made just as low as is possible and give you honest, competent service.

Whether your needs be small or large, we find it will pay you to have your repair work are here to serve, and we know that you will done in the Ford way.

Battery Questions Answered

Why take the trouble to send your battery questions in to the automobile editor and then wait a week for your answer?

Our automobile page isn't printed. It's "talked". And you get the answer—the right answer just about as soon as you've finished asking the question.

And we're even better at repairing batteries—all kinds—and keeping them in shape, than at answering questions. Bring your battery in and we'll prove it.
