NEWS EVENTS AT OREGON NORMAL

President Landers spent Monday and Tuesday of this week visiting the Normal at Pendleton.

Mr. Butler and Miss Chandler chaperoned a large group of Normal students in a trip to the state institutions at Salem on Thursday.

The critic teachers in charge of the summer training school at Independence treated the pupils to a picnic in the grove on the Normal campus Friday evening.

Mr. Butler was happily surprised on Tuesday morning as he came into chapel by the singing by the students of a greeting song in honor of his birthday. The young men of the school also presented him with a beautiful vase as a memento of the day. Mr. Butler, though entirely surprised, replied most fittingly to these tokens of good feeling and respect.

A motion picture entitled "A Bachelor Daddy" will be shown in the chapel on Friday evening, July 14. The leading part in this picture is taken by Thomas Meighan which assures the public of an interesting play.

Roy G. Penny, '21, of Stanfield and Oren Hays, '20, of Cottage Grove, visited the Normal last Saturday. Both young men are engaged in teaching in their respective home towns and are doing work which reflects credit upon themselves and their Alma Mater as well. While here, Mr. Hays engaged three Normal girls as teachers in his school for the coming year.

Miss Bertha Brainerd, registrar, spent last weekend in Portland.

The Stewart Motor company has received a carload of Fordson tractors.

CITY IN BRIEF

Mrs. Kate Ingram was hostess for a birthday party at her home on 6th street last Tuesday. The guests were invited to dinner at noon, after which a delightful afternoon was enjoyed with conversation and fancy work. Guests for the day were: Mesdames Davidson, Butts, McIntosh and Wolfe.

After spending a couple of weeks in an Albany hospital, Reed Wattenbarger has come to his home south of town and is hobbling round on crutches. He got caught between a log and a big Holt caterpillar at Gates, badly injuring his left foot and leg. Mr. Wattenbarger feels that the outcome was fortunate. He will regain the full use of his limb, although he will be inconvenienced for some little time yet. Mr. Wattenbarger is a son of Mr. and Mrs. Felix Wattenbarger.

Mr. and Mrs. E. N. Johnson, accompanied by Mr. Johnson's sister and her children left Salem Wednesday by automobile for the sister's home in Montana. The Johnsons have sold their ranch near Terrebonne, central Oregon, and are temporarily located at Salem. Mr. Johnson is planning to go into business at some point in the valley. He followed the grocery game here for some time, disposing of his business about five years ago and purchasing a ranch on the other side of the mountains. It proved a successful venture.

For three weeks, Charles G. Irvine, cashier of the Farmers State bank, will become a real dirt farmer. He owns at Summit a farm, which he forsook a few years ago for bank work. Accompanied by his wife and daughters and Mr. and Mrs. E. O. Seeley, Mr. Irvine left Sunday morning for the ranch. Under tenantry, the place has not been kept as spick and span as it might be and Mr. Irvine is going to rehabilitate it. Occasionally he will play hooky long enough to keep the larder supplied with fish, but the schedule calls for regular hours of work.

The L. W. Fuller public sale near Parker Monday was well attended considering the fact that grain harvest had started and many farmers were busy. Like most sales, some of the offerings brought good prices, while others were knocked down as bargains. The prime milch cows were in demand and brought good prices. In speaking of the sale, Mr. Fuller said: "I am satisfied, realizing as much as I had anticipated from the sale." A. L. Stevenson acted as auctioneer and kept the crowd in a friendly mood, occasionally mixing a little farm wisdom with his selling gaff. C. W. Irvine acted as cashier and A. E. Horton as clerk.

"The Salvation Army taught its great lesson of Americanism on the firing lines of France. It is carrying on the same ideals during this trying period of reconstruction. This is accomplished to a great degree by its method of applying 'practical Christianity.' By extending a helping hand in illness, by providing food, clothing, fuel and the innumerable other means of helpfulness to stricken humanity, regardless of race, creed or color, The Salvation Army naturally draws to it the people of many nationalities. Is there a more fertile ground for the sowing and developing of the fundamentals of true Americanism?"
