DALLAS SAWMILL HAS NARROW ESCAPE, FIRE

Dallas—Fire, believed to have started from a cigarette stub thrown carelessly along the tracks of the Southern Pacific railway at the east end of the big lumber yard of the Willamette Valley Lumber company about 10:30 Sunday morning threatened for a time to sweep through the yard and take everything in its path. Prompt work on the part of the mill fire department and the Dallas firemen kept the flames from spreading but not however, until something like 75,000 feet of piled lumber valued at nearly \$3000 had been destroyed. Two hours after the fire was discovered the flames were under control, but the fire department was kept on the job throughout the day for fear the fire might break out afresh amid the smoldering piles of lumber. The entire loss is fully covered by insurance.

In addition to the loss by the lumber company the Southern Pacific track was somewhat damaged by fire and heat, and a prune orchard across from the fire was also damaged.

Two years ago this month a big fire destroyed the entire mill of the Willamette Valley Lumber company and in its place one of the best equipped mills on the Pacific coast was built.

CHARLES H. MORRIS DIES AT DALLAS HOME

Dallas—Charles H. Morris, one of Dallas' prominent retired business men, passed away at his home on Jefferson street Sunday after an illness of several months' duration.

Mr. Morris was born March 24, 1867 and learned the jeweler's trade when a young man. He came to Dallas 29 years ago and at the time of disposing of his jewelry store to W. C. Retzer two years ago he was the oldest man in business continuously in Dallas. He was a member of the Oregon Retail Jewelers' association and served that body as president for one term. His death takes from the city a man who was liked by all who knew him.

Mr. Morris was united in marriage in this city on November 12, 1893, to Miss Minnie D. Siefarth who together with two brothers, George Morris of Turner, Oregon, and Oscar Morris of Salem survive him.

The deceased was a member of the Knights of Pythias lodge, having joined that fraternal organization a number of years ago while a resident of Monmouth.

Mr. Morris was a devout member of the Christian church and his funeral was held from that church, Wednesday afternoon at 2 o'clock. The body was laid to rest in the Mount Crest Abbey mausoleum at Salem.

Using the new photographic films which produce pictures themselves without the use of negatives a motion picture camera for home use has been invented.

DEER ARE BROWSING FRUIT TREES NEAR DALLAS

Dallas—M. H. Richardson, a local resident who aside from operating one of the trains of the Southern Pacific runs a prune orchard at odd times, reports that deer have been coming down into his orchard lately and have destroyed a number of small trees. Mr. Richardson states that in past years the deer have eaten up a number of small trees but that this year, on account of the dry weather which makes feed scarce in the mountains the deer have been more destructive than in the past. His ranch is located in the Oak Dale district and was visited by Deputy Game Warden Roy Bremmer of Salem this week, who will endeavor to devise a scheme to keep the animals out of the orchard. Other fruit growers living in the hills west of Dallas are claiming that their places are visited daily by deer in search of feed.

Mr. Merchant

Do you realize the importance of getting your advertising copy prepared early?

You know our old friend procrastination. He's a cousin to the cow's tail.

Why follow, when you can lead?

Supposing all your customers left their shopping in your store until an hour before you were closing up at night, what would happen? You know. It would make great confusion, you couldn't give service and your customers would leave the store dissatisfied.

Well, in a way, that's what you ask the newspapers to do. You wait until the ninth hour to prepare your copy, and when it reaches the office you expect the compositors to do two hours' work in one.

It can't be done.

The result is that your advertisement is slapped together in great haste, with a chance for errors and without proper display. It can't be otherwise.

Stop that old habit of putting off till the last day, the last hour and the last minute to send your copy to the newspaper office.

Get it out early when you have time to think and prepare it properly. Then send it to the newspaper office two or three days ahead. That will give the newspaper time to prepare your advertisement properly.

You can see the logic of it. It will mean better ads, better service and better results.

That's what you want. That's why you advertise.

Give the newspaper a chance.

Apply the Golden Rule.
