## Bargain Day Is proclaimed by the Peoples Cash Store

**Annual Event Will Take Place Friday Aug. 4th**

At least one store in Salem will not be found unprepared to fill the expectations of the many residents in Marion and Polk counties, who have been fondly expecting this event, Salem's 6th annual Bargain Day.

The onrush of people which comes with the arrival of this day is expected to exceed all previous records. Every available person in the People's Cash Store will help re-arrange, re-price and select the types of goods to be used in their window display and bargain counters.

Past Bargain Days have shown that hundreds of the out of town people make Bargain Day the occasion for stocking up the empty larders and for buying those articles of clothing which are likely to be needed in the immediate future.

Bargain Day visitors are again assured of the wonderful prospects in view for them and are requested to make the People's Cash Store their headquarters.

Window shopping is going to be a popular sport at Salem's busiest store because the numerous articles and the many low prices are going to make a big attraction. The people who are going to participate must make it their point to be here early because you have heard before that the early bird gets the worms. Adv.
