ville in the afternoon.

B. H. Fritch, manager of the Union  
Oil company's interests at Dallas,  
was in Independence, Wednesday, at-  
tending to company business. Union

pendence for some little time as a  
possible distributing point.

Mr. and Mrs. Al. Whitney have re-  
turned to Gates, where Mr. Whitney  
will resume in a few days his work  
as operator of the Grover Mattison

several weeks ago, is still giving  
him trouble, but continues to improve.

Mr. and Mrs. John Becker and Mr.

and as an exhibit brought home with  
them a fine showing of salt water  
specimens.

A. L. Kullander and C. C. Archi-  
bald are home from a two weeks'  
outing. Accompanied by Mrs. Kul-  
lander and Mrs. Archibald, they went

most of the time fishing. Returning  
to Independence, they rounded out  
their vacation by a drive to Portland  
and up the Columbia river highway  
as far as Hood River.

Prof. O. D. Byers in the company  
of two Albany friends, Messrs. Ander-  
son and Van Avery, left yesterday  
for Tiller, Oregon, in order to be in  
the forest primeval when the deer  
season opens Sunday morning. From  
Tiller they go by pack horses 12 miles  
into the mountains to a point where  
they expect to find 'em as thick as  
jackrabbits in the sage brush country.  
Just how long they will remain is  
problematical, but they are anticipat-  
ing use of their six tags.

Postmaster Homer S. Wood was  
in attendance yesterday at the funeral  
of an uncle, J. B. Sperry, at Browns-  
ville. Mr. Sperry was an Oregon  
pioneer, coming to the coast over-  
land in 1853. Brownsville was the  
old home of the Sperry family, but  
Mr. Sperry spent much of his life in  
eastern Oregon and Wyoming in the  
sheep business. Mr. Sperry was 86  
years old and had taken quite a prom-  
inent part in Oregon affairs in the  
earlier days, being a representative  
in the state legislature from an east-  
ern Oregon district at one time. He  
is survived by one daughter, Mrs.  
Ethel Cooley of Pendleton.

Attorney B. F. Swope arrived home  
last Friday from a three weeks' trip  
to his old home in the northwestern  
part of Missouri. He was accompa-  
nied there by his brother, Dr. Swope  
of Philadelphia, Pa., and his sister of  
Salem. The brother returned to his  
Pennsylvania home and the sister  
returned to Salem in the company of  
Mr. Swope. In speaking of the trip,  
Judge Swope said: "We had a very  
pleasant time. Missouri has the best  
crops in years. There has been lots  
of rain this summer; if anything, too  
much, and everything is thriving.  
The only real hot weather experienced  
was in the eastern Oregon country.  
In Missouri, it was nice and cool with  
vegetation in a thriving condition."
