Social Events

Mrs. Charles A. Gray gave a dinner party last Friday night at the home of her mother, Mrs. A. J. Richardson, complimenting Mrs. Josie Stewart, who is soon to leave Salem to take charge of a sorority house at the Oregon Agricultural college. Mrs. Gray had as guests 14 of her girlhood friends, all of Salem, and time was turned backward to those good old days for the evening. Guests brought pictures taken when they

were in their teens. Ye olden time dance with all of the settings—the fiddler, the caller, and then the swinging of your partner or the other fellow's partner—formed a very delightful diversion, and brought forth much hilarity.

As near as possible the dining table appeared as of 35 years ago. Plates were turned over; goblets, not tumblers, were likewise reversed; the centerpiece was a high glass cakestand holding an uncut cake, and the guests were required to tuck the napkin under their chin.

The guests were: Mr. and Mrs. Reuben Boise, Mr. and Mrs. John H. McNary, Mr. and Mrs. I. L. Patterson, Mr. and Mrs. Henry W. Meyers, Miss Margaret Cosper, Frank Lovell, Dr. Willis Morse.

Drs. Hewett & Knott. Glasses fitted, satisfaction guaranteed. f17-tf

NEWS EVENTS AT OREGON NORMAL

A. C. Brackebury of Lebanon visited the Normal last Friday.

Local friends of Miss Macpherson will be glad to learn that she is recovering from a recent operation which she underwent in a Portland hospital.

Members of the class in dramatic art are planning to produce "The Silver Thread", a play for children, with local children in the cast. They have, therefore had actual practical experience in training real children, an experience which is bound to be valuable in the future.

Miss Brainerd is spending her vacation at the Hoerlein ranch at Hood River.

A motion picture made from William Brady's well-known play "Way Down East" will be shown in the chapel next Friday evening. "Way Down East" has been an American classic for half a century, but has only comparatively recently been made into a picture. It is advertised as David W. Griffith's greatest picture and is said to excel in dramatic quality and beauty any of the big pictures which have made him famous.

J. E. Enlund, a graduate of the Normal school and of the University of Oregon, was greeting old friends in the faculty and student body last Saturday.

Senator John Gill of Portland will speak at the chapel hour next Monday morning beginning at 9:30. Mr. Gill will take as his subject "Indian Life on the Columbia. He is a man who is well informed and is, moreover, an interesting speaker. A cordial invitation is extended to townspeople to attend this speech.

Professor J. B. Horner of O. A. C. spoke to the Normal students on Thursday morning at the chapel hour on Oregon history.

CARD OF THANKS

We wish to express our gratitude to all who so kindly assisted at the funeral of our dear one, also for the beautiful floral offerings.

Lemuel Barnett,
Mrs. Mary J. Lemmon
and family.

"Where did I get my education? Why, me dad used to take me over his knee. He made me smart."

BIG CROP OF ACRONS; RIGOROUS WINTER COMING

"Oak trees loaded with acorns prepare for a winter with whistles attached." Such is the prediction of "Fletch" who is making his bow as a weather prophet, privately expressed, but of such universal interest that the Enterprise is passing it along.

Took a Chance
The Polk county farmer was asked for a lantern that he had called on his best girl, the old fellow grumbled, "In my day, when I courtin', I went in the dark!" "Humph!" murmured the gloomily. "And jest see what ye get!"

What Water Does for Batteries

Not too much or too little—but just the right quantity of water ought to be kept in your battery all the time.

The water does two things: it keeps the battery solution over the tops of the plates so that the whole plate surface is used; and it gives proper strength of solution.

Don't hesitate to ask us for water service even if yours isn't a Willard Battery. The Willard Standards of Service are the same for every make.
