ANOTHER REVOLUTION IN HAWAII

The O. P. Sale Confirmed—First Week of Legislature—France Has a New President.

(From the Oregonian, 8th, and Statesman.)

VERSAILLES, Jan. 17.—After a most exciting contest today M. Felix Faure was elected president of the French republic. The final vote stood M. Faure 413, M. Brisson 361. The socialistic element manifested considerable strength in the assembly. The new president is a moderate republican and has filled many official positions. He was born in Paris, Jan. 30, 1841. He took part in the Franco-Prussian, and assisted in putting down the Paris commune. He is considered a man of much sterner mould than Casimir Perier, and is said to possess many of the characteristics of the late M. Carnot.

Adjourned to Monday.
SALEM, Or., Jan. 17.—The senate adjourned in the morning and the house in the afternoon, to meet Monday. Resolutions were adopted yesterday by both houses out of respect of Ex-Governor Chadwick.

Two More Financial Bills.

WASHINGTON, Jan. 17.—Sherman of Ohio, and Pugh of Alabama, both offered an emergency currency bill to meet the treasury deficiency. The Sherman bill provides for the issue and sale of bonds under the provisions of the resumption act from time to time as the deficiencies of the treasury require, the proceeds wholly used for deficiencies, and the bonds to run for five years at a rate not to exceed 3 per cent interest. The second section provides that in lieu of the foregoing bonds the secretary of the treasury may issue coin certificates in denominations of \$5 to \$100, bearing 3 per cent interest. The third section deals with the deposit of bonds in national banks. The Pugh bill provides for the immediate issue of \$100,000,000 treasury notes to meet the deficiency, these to be redeemable in gold coin and to be constantly reissued. It further directs the coinage of the seigniorage and the deposit of silver bullion from American mints.

He Made Too Many Promises.

SPRINGFIELD, Wash., Jan. 17.—Popular Sheriff Williams was inaugurated Monday, but was so besieged by applicants for deputyships that he entered into an agreement with J. B. Gray, the outgoing republican county clerk, whereby Gray would take the office, run it, keep \$110 of the monthly salary and turn over the remaining \$40 to Williams. The populist held an indignation meeting, sent for Williams and prevailed on him to resign. Gray resigned all claim to the office at once. The county commissioners appointed Samuel Derakin to fill the place.

Cullom Elected Senator.

SPRINGFIELD, Ill., Jan. 17.—Shelby M. Cullom was elected United States Senator to succeed himself. He received 103 votes, against 23 for Geo. S. Willets, of Chicago.

Woman Suffrage Passed.

BOISE, Idaho, Jan. 17.—The woman suffrage resolution, which passed the senate last week, unanimously passed the house today.

Revolution in Hawaii.

SAN FRANCISCO, Jan. 18.—The steamer Alameda, from Honolulu this afternoon, brings news of revolution and bloodshed in Honolulu. The insurgent royalists are under the leadership of Robert Wilcox, who was prominent in the last revolution. Chas. L. Carter, one of the annexation commissioners, was killed and other government supporters were wounded. Nearly 200 royalists have been placed under arrest. Fighting was still in progress when the Alameda left

Honolulu, Jan. 11, but the government forces had practically overcome the revolutionists.

General Schofield Promoted.

WASHINGTON, Jan. 18.—The senate today passed the army appropriation bill, carrying \$22,000,000, and the bill which advanced General Schofield, in command of the army, to the rank of lieutenant-general, held by Generals Sherman and Sheridan. Aside from this the day was given to debate on the Nicaragua canal bill.

Election by Popular Vote.

TOPEKA, Kan., Jan. 18.—The house today adopted a concurrent resolution calling on Kansas senators and representatives in congress to favor an amendment to the constitution of the United States providing for the election of United States senators by direct vote of the people.

First Week of the Legislature.

SALEM, Or., Jan. 18.—All things considered, the legislature has made a pretty good showing for its first week's work. There is unmistakable evidence that both houses have a distinctly business tone in their makeup, which will result in a good deal of practical conservative legislation. The senate, of course, makes the best showing. It has the advantage of smaller numbers, an experienced presiding officer, 15 hold-over senators, two who have been in it at other sessions, two members of the last house, and some others who have sat in other deliberative bodies. The house is mostly one of new members. Only four of its members were in the last session and many are utter strangers to parliamentary usage. There is plenty of discordance, waiting for the vicissitudes of roll-call and committee reports to develop into hostility and wranglings.

Last Tribute Paid.

SALEM, Or., Jan. 18.—The funeral of EX-Governor Chadwick today was one of the most remarkable held in Salem in many years. The funeral ceremonies were under the auspices of the Masonic fraternity, of which order Mr. Chadwick was a distinguished member. A large concourse of people attended the burial services. Exactly at 4 o'clock P. M. the mortal remains of Stephen F. Chadwick were consigned to a grave lined with evergreens, and his casket was strewn with the choicest flowers. The obsequies throughout were inspiring in their grandeur and earnestness.

Burned to Death while in a Fit.

OREGON CITY, Jan. 18.—News reached here today of a shocking accident whereby Mr. Scheurer, a German farmer residing near New Era station, lost his life Tuesday. Mr. Scheurer and his sons were slashing and burning timber. At noon they started for the house for dinner, but after going a short distance the father remembered that he had left his coat behind and returned for the garment. The boys continued on their way to the house. The father did not appear for dinner, and knowing him to be subject to fits, a hurried search was made for him, when his body was found lying near one of the fires, his clothing having been wholly consumed and the flesh horribly burned. It is supposed that he was seized with a fit, fell into the fire and was burned to death.

The Big Trolley Strike in Brooklyn.

BROOKLYN, N. Y., Jan. 19.—Three thousand men are under arrest in Brooklyn tonight. Rioting has been the order of the day, and the strikers had some serious clashes with the militia. In many instances non-union men were badly hurt, and so fierce were the attacks of the strikers tonight that the soldiers had to resort to the bayonet. Several citizens or sympathizers were bayoneted, and the situation is considered the gravest that has confronted the authorities for many years. Rumors were abroad during the day that elevated train men would go out in sympathy with the surface men.

Chairman Caldwell was today instructed to notify all the connections of the Western roads of the proposed advance and the date on which it will become effective.

A Snow Blockade.

DUNSMIR, Cal., Jan. 21.—The snow storm of yesterday continued until this evening, and changed to rain. About noon a big avalanche of snow came down from the mountains west of the river and just above Upper Soda Springs. It buried the tracks 60 feet deep, under snow, trees, brush and rocks. It started three miles up the canyon, where the snow is 40 and 50 feet deep, and carried down everything in its path. It crashed into the river away up the other bank and dammed the river till it ran dry below. About 100 men are at work on it tonight, and a special has started from Red Bluffs to pick up active section men and hurry them to the wreck. The track cannot be cleared before tomorrow night.

Secretary Carlisle's Opinion.

WASHINGTON, Jan. 21.—Secretary Carlisle was present by request at an important meeting today of the house appropriations committee. In reply to the question what objection there would be to a system of redeeming notes in gold and silver, at the option of the secretary of the treasury instead of the holder, the secretary answered, "If that policy had been inaugurated at the beginning of resumption, it would have worked beneficially and no trouble would have arisen from it, but my predecessors have followed the policy of redeeming in gold or silver, at the option of the holder of paper, and any secretary who tried to change this policy and work silver on a man who wanted gold, or vice versa, especially at such a critical period as we have been passing through, would have precipitated disastrous results."
