The Moral is Plain

The melancholy traveler said: "What a dreadful thing it would be if I were struck blind!" And he must needs walk on ahead with his eyes shut to try how it would seem if this misfortune were to befall him. His fellow traveler, coming after him, picked up a purse of gold which he, having his eyes shut, had not perceived.—Keop.

Haec Fabula Docet—don't "go it blind." If you are in need of Harness or Saddlery Goods, open your eyes to the fact that we sell the best goods for the least money, and pick up the purse of gold by purchasing of us.

Isitt is in the county jail and will have a hearing tomorrow.

Arrested for Embezzlement.
Don Carlos Boyd was arrested here today and lodged in jail. He will be taken to Heppener to answer to a charge of embezzlement and forgery made by the Patterson Publishing Company.

John Bull's Advice to Brother Jonathan.
LONDON, Feb. 22.—The Statist says that the high rate of interest asked for the United States loan is due to the belief that further loans will soon be needed, and if the president refuses to borrow and congress does not act promptly gold will go to a premium and disappear from circulation. This will be followed by a panic in Wall street and the money market will be paralyzed until the elections next year are over. The true remedy for the currency crisis is a loan to call in and cancel the greenbacks.

Excitement in Wall Street.
NEW YORK, Feb. 23.—There is much excitement in Wall street over the allotment of bonds. It is said small investors and savings banks will be given the preference. The syndicate has announced that the total subscription to the new 4 per cent loan in the United States amounts to \$200,000,000.

A United States Senator Elected.
SALEM, Or., Feb. 23.—On the 60th joint ballot of the joint session of Oregon's legislature and the 23rd of the evening, Geo. W. McBride was elected United States senator to succeed Joseph N. Dolph, whose term will expire March 4, next. The decisive vote was: McBride 72; Hare 10; Raley 6; Weatherford 1; total 89; absent 1; necessary to a choice 45.

Gold for the Bonds.
WASHINGTON, Feb. 23.—Up to and including today the treasury department has received \$29,675,708 in gold on deposit on account of the Belmont-Morgan bond purchase; it has issued \$28,422,774 in certificates for the same, and has carried to the gold reserve \$29,339,289. The treasury interest payment on account of recent bond issues, and the gold bond issues up to date, aggregate this fiscal year \$23,000,000, or about 11 per cent of the total receipts of the government for the fiscal year to date.

Anti-Toxine a Success at Medford.
MEDFORD, Or., Feb. 23.—Wednesday of this week Dr. E. B. Pickel received from Dr. Mings, of Portland, a bottle of anti-toxine, and the same afternoon administered it to a child of John Norton, residing about four miles south of Medford. Today the patient was discharged by the physician. There have been several cases of diphtheria here of late, and the result of administering this medicine has been watched with interest, not only here, but by the medical profession all over the state, as it was the first case on which the medicine was tried in the state.

Burglary at Oregon City.
OREGON CITY, Or., Feb. 24.—J. P. Lowe's jewelry store was robbed tonight. The show-window glass was broken, and three watches and two revolvers taken. No clue to the identity of the burglars as yet.

Mexico and Guatemala.
GAUTEMALA, Feb. 24.—It is given out here that no positive settlement had been reached here on the questions pending with Mexico. Minister De-Loan has telegraphed that the Mexican government still holds for the indemnity clause, and is not inclined to abate an iota. From official circles it is learned that Guatemala has made absolutely no concessions to Mexico.

Wonderful, if True.
LONDON, Feb. 24.—The Daily Chronicle's Vienna correspondent says Professor Wagner, of the Vienna university, expounded a cure for insanity to the medical society yesterday. He injects Koch's tubercule, causing a fever, after which the insanity is diminished. He repeated the treatment a few times, each injection lessening the insanity until eventually it vanished.

France and American Cattle.
PARIS, Feb. 24.—At the cabinet meeting today, M. Gadau, minister of agriculture, made an order in council forbidding the importation of American cattle into France on account of Texas fever and pleuropneumonia, with which they are alleged to be infected. This order is undoubtedly the outcome of the persistent protectionist agitation in the rural districts in the north of France. Ever since the new cabinet entered office, M. Gadau has been besieged by agrarian deputations and petitions.

A Nehalem Settler Drowned.
ASTORIA, Or., Feb. 25.—News was received here today of the drowning in the Nehalem river yesterday of Charles Caldwell, a settler in that locality. He attempted to shoot the rapids in a small boat and was upset. The body has not been recovered. Caldwell was a native of Ravenswood, W. Virginia.

The Astoria Railroad.
ASTORIA, Or., Feb. 25.—A letter received in this city today from an intimate friend of Bonner and Hammond, of Missoula, conveys the information that those gentlemen will leave Missoula for Astoria, at an early day, and that work will begin on the Goble railroad March 1.

Murder and Suicide.
CHEHALIS, Wash., Feb. 25.—J. A. Phillips, a logger about 35 years old, shot and killed his wife at Centralia about 4 o'clock this afternoon. After writing a note explaining the cause of the tragedy he blew out his brains. Both died within an hour. The affair grew out of Phillips' jealousy of his wife.

The Earth Quaked at Oregon City.
OREGON CITY, Feb. 25.—The earthquake was distinctly felt here this morning at 4:46 o'clock. A number of people were awakened at that time without knowing what disturbed them, but many clearly recognized the shock as an earthquake. The motion appeared to be easterly and westerly, and the shaking continued about six seconds.

A Free Silver Party.
WASHINGTON, Feb. 25.—It is understood that the leaders in the movement to organize a free-silver party have received advices from different parts of the country that such progress has been made as to make them feel confident that they will be able to organize a new party, which will command the support of silver men throughout the country. A platform has been agreed upon which plants the whole party on the plan of free silver, eliminating all other de-

mands of the populist platform of 1892. It is understood that General Weaver is the leader of the movement, supported by General Warner and Mr. Bland.

Funeral of the Colored Orator.
WASHINGTON, Feb. 25.—Not since the unveiling of the Lincoln emancipation statue in 1878 has there been such a popular outpouring of colored people to pay tribute to a benefactor of their race as was witnessed today in and about the Metropolitan African Methodist Episcopal church, where the funeral services over the remains of Frederick Douglass took place. Many prominent persons were present. The funeral sermon was preached by Rev. J. G. Jenifer, pastor of the church. The remains will be taken to Rochester, N. Y. for interment.

It Was Felt at Olympia.
OLYMPIA, Wash., Feb. 25.—The earthquake was felt here at 4:45 this morning. It was more remarkable for length of duration than for its severity.

An Editor's Hard Luck.
HEPPENER, Or., Feb. 25.—Editor D. C. Boyd, who is charged with forgery, was brought down from Walla Walla by Sheriff Harrington yesterday morning. He waived examination today, and his bond was placed at \$700, which he was unable to give.

Harcourt Opposes Free Silver.
LONDON, Feb. 25.—The Standard says that Sir William Harcourt will, on behalf of the government, take a very strong line against the resolution that will be submitted to the house of commons by Robert L. Everett, declaring that a national agreement to restore free coinage and the full legal tender power of silver is desirable.

French Embargo on American Meats.
CHICAGO, Feb. 26.—Speaking of the decree issued by the French government prohibiting the importation of American cattle, Nelson Morris, a well-known packer, said: "We shipped \$18,000,000 worth of cattle and produce to France last year, and this great trade is absolutely destroyed by the order of the French government. I knew this was coming, and with the exception of two or three boat loads, not any cattle or any product has been sent to France in the last ten days. The effect of the German and Belgium embargo has been to reduce the price of cattle of the classes shipped to these countries by \$10 a head, and this French edict will even more unjustly affect the stockyards."

Notes from the Capital.
SALEM, Or., Feb. 26.—Governor Lord today appointed the following: Dr. Herbert W. Caldwell, surgeon-general, Portland; David M. Dunn, commissary-general, Portland; Notaries; Louis J.
