The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

Prevention vs. Cure.

Most people are quick to see the need of medical aid when disease has fastened itself upon them, or when they are prostrated by some epidemic. It is not everyone, however, who realizes the importance of keeping the body in such a state of health that it will be able at all times to resist the attacks of disease. It is when the system is weakened by overwork or worry, causing loss of appetite, etc., when it is greatly debilitated, or "all run down," that the danger of serious sickness and heavy doctor's bills is to be feared. On the other hand, if perfect health can be maintained, the blood kept pure, and the circulation good, the appetite normal and the spirits cheerful, there will be no occasion to fear the grip, pneumonia, diphtheria or any similar ailment. As a means of keeping the body in just this condition of health no better agent has yet been found than that great blood purifier and strength builder, Hood's Sarsaparilla. While it is true that "Hood's Sarsaparilla Cures" it is equally true that Hood's Sarsaparilla prevents sickness and this truth is of supreme importance to all.

DIED.

TATOM.—At Monmouth, Or., April 28, 1895, James Tatom, of heart disease, aged 68 years and 15 days.

James Tatom was born in Illinois, April 13, 1827. Early in life he moved to Missouri and was married to Miss Nancy Berry. In the summer of 1853 they made the long journey to Oregon, in company with the parents of the deceased, Richard Tatom and wife, making their home first in the Willamette valley, but in the late '50's removing to Jackson county, where Mr. Tatom engaged quite extensively in stockraising. Subsequently he returned to the Willamette valley, locating on the farm now owned by J. W. Allen on the Rickreall. The faithful wife died several years ago and her remains were interred in the Dallas cemetery where all that was mortal of James Tatom was laid to rest on Tuesday of this week. There were born to Mr. and Mrs. Tatom ten children, six of whom are still living. They are, Mrs. J. F. Groves, of Dallas, Henry Tatom, of Spokane Falls, Miss Ellen Tatom and Dean Tatom, of Monmouth, Miss Essie Tatom, of Portland, and Ernest Tatom, of North Yamhill. James Tatom was one of the representative pioneers of Polk county. He possessed a vigorous intellect and a forceful character, and during the prime of life was noted for his business activity and intelligent interest in public affairs. He was gifted with good social qualities and had the faculty of drawing around him a large circle of friends. Mr. Tatom was a member of the Masonic fraternity, under whose auspices the funeral obsequies were conducted. The remains were taken to the Dallas cemetery for interment, and a large concourse of people gathered at the grave to pay their tribute of respect to the deceased.
